**THE MCS HELENA HEADQUARTERS OFFICE WILL BE
CLOSED UP TO THREE HOURS A MONTH.
TO PROVIDE MCS LICENSING AND PERMITTING STAFF
WITH SYSTEM AND PROCEDURAL TRAINING**

*******During This Period of Training*******

**For questions concerning IRP and IFTA credentials, you may
leave a voice mail message with your Licensing Technician at
(406) 444-2998.**

**If you have questions pertaining to size and weight, call (406)
444-7262.**

THANK YOU IN ADVANCE FOR YOUR COOPERATION

FULL RECIPROCITY PLAN

Effective January 1, 2015

A new IRP customer will use the base jurisdiction average per vehicle chart for all 59 jurisdictions and pay the proportionate amount of fees for each of those jurisdictions in order to establish the IRP fleet.

Renewing IRP customers will report the actual distances operated during the reporting period and pay fees based only upon those distances. The renewal cab card will reflect all 59 jurisdictions.

A renewing IRP customer with no actual distance during the reporting period will be treated as a “new” IRP carrier and pay the proportionate amount of fees for all 59 jurisdictions to renew their IRP fleet. The customer will use the Average Per Vehicle Distance chart (APVD). Second-year estimated distance penalties are eliminated under FRP.

The need to add jurisdictions throughout the year or purchase temporary permits is eliminated as the vehicle is automatically granted registration privileges in all IRP jurisdictions by displaying a current IRP license plate and vehicle registration. Keep in mind that IRP only covers the vehicle for registration purposes. Some jurisdictions have additional requirements that must be met separately from registration.

FRP should eliminate or at least reduce the need for multiple fleets for a carrier; however, nothing in the FRP requirements prevents a carrier from having more than one fleet. This might be economically beneficial if the carrier has multiple vehicles, and some do not operate in the same jurisdictions as others. In that case, more than one fleet would be reasonable so that they do not have to pay fees for those vehicles in jurisdictions they will never travel.

If you have any questions, The Plan and accompanying documentation are available for complimentary download on the IRP, Inc. website at <http://www.irponline.org/>, click on publications.

MT licensing technicians can also be reached at (406) 444-2998.

This manual has been prepared to guide you in registering with IRP.

Read your manual carefully. The necessary information, instructions and forms have been included for your convenience in completing the applications or renewals for registration. **Incomplete forms will not be corrected by a technician.** Forms that have not been completed will be returned to the carrier to be corrected.

If you have questions pertaining to any of the forms or the completion process that can be found on our website at <https://www.mdt.mt.gov/publications/forms.shtml#com>, you may contact the Motor Carrier Services Division at (406) 444-2998, between the hours of 8:00 am and 5:00 pm Mountain time, Monday through Friday.

If you wish to visit the MCS Helena Office on business, plan to allow 1½ to 2 hours for new applications, and somewhat less for renewals and other activity types.

MT has adopted the IRP Plan under MCA 61-3-722.

The following are the high level definitions of the MCA's that are used for IRP.

Fee Type	MCA Reference	Fee Amounts
IRP New Plate Fee \$2	61-3-722 (1)	\$2.00
IRP GVW Fees	61-3-721	<p><u>Various - Prorated for IRP</u></p> <p><u>1. The amount charged is based off of the MT GVW Chart by the number of months multiplied by the prorate percentage for Heavy Vehicles.</u></p> <p><u>2. The amount charged is based off of the MT GVW Chart as an annual fee based of the weight / tonnage for Light Vehicles.</u></p>
IRP Temporary Authority Fees	61-3-722 (1)	\$5.00 per unit or truck or trailer
IRP Cab Card Fee	61-3-722 (1)	\$2.00
IRP Special Permits	61-10-124 (1)	\$75.00 Over length permit issued on IRP cab card. Expires with IRP registration and not calendar year.
IRP Stickers	61-3-722 (1)	\$2.00
Light Vehicle Registration Fees	61-3-321 (2)(a)(b)(c)	<p>1. Prorated Fee: Vehicle is 4 or less years old, \$217 Vehicle is 5 through 10 years old, \$87; Vehicle is 11 or more years old, \$28.</p> <p>2. For a light vehicle with a manufacturer's suggested retail price of more than \$150,000 that is 10 years old or less, the annual registration fee is the amount provided for in subsection (2)(a) plus \$825.</p>

Fees In Lieu Of Taxes	61-3-529 (1)(a);(2)	Various - Prorated for IRP. A power unit added to a fleet during the registration year will be assessed the fee in lieu of tax according to the remaining number of months in the registration year. The fee in lieu of tax is not refundable, nor may a credit be given for a deleted vehicle.
IRP Registration Fees	61-3-321 (6)	\$22.75 Heavy vehicles (The annual registration fee for heavy trucks, buses, and logging trucks in excess of 1 ton.
Permanent Registration Of Trailer And Semitrailer Fleets	61-3-721 (6,7,8)	\$82.50 - Fixed fee amount
Electric Vehicle Registration- Class 4 (over 26,000 lbs.)	61-3-572	\$1,100 for class 4 vehicles. "Class 4 vehicle" means a vehicle having an unladen gross weight in excess of 26,000 pounds.
Electric Vehicle Registration - Class 1, 2, & 3 (under 26,000 lbs.)	61-3-572	\$130 for class 1 vehicles; \$190 for class 2 vehicles; \$340 for class 3 vehicles. "Class 1 vehicle" means a vehicle having an unladen gross weight of less than 6,000 pounds. "Class 2 vehicle" means a vehicle having an unladen gross weight of at least 6,000 pounds but not more than 10,000 pounds. "Class 3 vehicle" means a vehicle having an unladen gross weight of greater than 10,000 pounds but not greater than 26,000 pounds.
Hybrid Vehicle Registration - Class 4 (over 26,000 lbs.)	61-3-572	\$700 for class 4 vehicles. "Class 4 vehicle" means a vehicle having an unladen gross weight in excess of 26,000 pounds.
Hybrid Vehicle Registration- class 1, 2, & 3 (under 26,000 lbs.)	61-3-572	\$70 for class 1 vehicles; \$100 for class 2 vehicles; \$210 for class 3 vehicles "Class 1 vehicle" means a vehicle having an unladen gross weight of less than 6,000 pounds. "Class 2 vehicle" means a vehicle having an unladen gross weight of at least 6,000 pounds but not more than 10,000 pounds. "Class 3 vehicle" means a vehicle having an unladen gross weight of greater than 10,000 pounds but not greater than 26,000 pounds.

INTRODUCTION TO IRP

What is IRP, and why register under the agreement?

In 1976, Montana joined the International Registration Plan (IRP). The purpose of this agreement is to simplify the vehicle registration process necessary for travel in multiple jurisdictions.

Under the Plan effective January 2015, a carrier may register vehicles with its base jurisdiction for all IRP jurisdictions. The carrier submits only one application to the base jurisdiction, pays one registration invoice and receives their plate(s), one-year sticker and one cab card per unit. The cab cards list all jurisdictions at the weights requested by the carrier for each vehicle. Each jurisdiction listed on the cab card will honor the Montana registration. The carrier is allowed intra-jurisdiction and inter-jurisdiction travel in all jurisdictions listed on the cab card issued by the base jurisdiction. Some jurisdictions may require additional authority for intra-jurisdictional operations.

Once you have registered under the IRP, you will be assigned an account number.

When submitting payments, paperwork, proof of payment of highway use tax, or other correspondence, include your account number to identify which account and vehicle it applies to.

IRP JURISDICTIONAL CONTACTS

IRP Jurisdictional Contacts List can be found at: <http://www.irponline.org/>

IRP INFORMATION ON THE MDT INTERNET PAGE

IRP and IFTA information, forms, manuals, and guides can be found at <http://www.mdt.mt.gov/business/mcs/licenses.shtml>

Information regarding third-party information can be found at <https://www.mdt.mt.gov/publications/forms.shtml#com>

QUALIFYING FOR REGISTRATION UNDER THE IRP

Must meet requirements of the Base Jurisdiction (page 15), Established Place of Business (page 16) and Apportionable Vehicles (page 15).

WHAT THE APPORTIONED REGISTRATION WILL NOT DO

- 1) Exempt the carrier from payment of motor fuel taxes.
- 2) Allow the carrier to exceed legal size and weight limits without first obtaining the necessary permit.

APPLICATION INFORMATION

Except where the Plan permits an Applicant is to use average per vehicle distance, an application for registration under the Plan shall contain the actual distance that the Fleet being registered has operated during the Reporting Period.

If the fleet did not accrue any actual distance during the Reporting Period, an Applicant must use the average per vehicle distance in each Member Jurisdiction during the Registration Year. The Applicant shall be required to support such miles to the satisfaction of the Base Jurisdiction.

The Base Jurisdiction shall review any distance and any supporting documentation. The new or renewing carrier should use the method provided in the Jurisdictions' Average Per Vehicle Distance Chart on page 44. Distances that appear to be rounded, either actual or estimated, will not be accepted.

MONTANA TITLE AND REGISTRATION PROCESS

The MT Department of Justice (DOJ) is requiring that carriers interested in IRP, go through the IRP registration process with MCS before completing title work through DOJ.

This will help to eliminate duplicated registrations. The vehicle will still need to be titled with DOJ. Your title number(s) must be provided within 90 days of purchase.

If doing just title work, you can visit this location in Helena [Vehicle Title and Registration - Montana Department of Justice \(dojmt.gov\)](http://dojmt.gov)

If doing title work within your county, please visit the [County Treasurer Motor Vehicle Offices - Montana Department of Justice \(dojmt.gov\)](http://dojmt.gov)

The DOJ asks that the carrier shows proof of registration from MCS which can be a Temporary Authority and/or a Cab Card from IRP to process the title work.

ELECTRONIC SUBMITTAL

Carriers and Third-Party Providers can send their IRP Renewals or Supplement requests into MCS by email to: mdtmcsirpcontact@mt.gov. These may still be faxed in or sent by mail.

ONLINE ACCOUNT – New Accounts only: by checking the Online Account box (on the Schedule A/C), I understand that the email address provided as the Registrant / Carrier or as the Third-Party, that all the renewals and email notifications on supplements will be provided to me electronically.

ONLINE ACCOUNT – Applicable to all accounts in ePART:

If the Email Notification is marked Y on the carriers account and there is an email address listed in the fleet details, the renewals, and all email notifications for IRP from MCS will be sent to the carrier electronically.

A Third-Party provider and a Registrant / Carrier have access to view this information under IRP in Account Inquiry and Fleet Inquiry.

IRP JURISDICTIONS AND MAXIMUM WEIGHTS ALLOWED

Below is the listing of the jurisdictions that are currently members of the IRP, their proper abbreviations, maximum operating weight in lbs, and the maximum weight that is allowed on the cab card in lbs. (last updated 10/04/2021):

MT does need to collect the distance for AK – Alaska; MX – Mexico, NT- Northwest Territories or YT – Yukon Territories. No weights are collected for these four jurisdictions.

Jurisdiction	Abbrv	Maximum Operating Weight (in lbs.)	Maximum Cab Card Weight (in lbs.)
Alabama	AL	80000	QUAL
Alberta	AB	139992	139992
Arizona	AZ	80000	80000
Arkansas	AR	80000	80000
British Columbia	BC	139994	139994
California	CA	80000	80000
Colorado	CO	85000	80,000; 82,000-if vehicle contains an alternative fuel system and operates on alternative fuel or both alternative fuel and conventional fuel
Connecticut	CT	No maximum weight	Because there is no weight limit the weight on the cab card should reflect actual vehicle weight.
Delaware	DE	80000	80000
District of Columbia	DC	80000	80000
Florida	FL	80000	80000
Georgia	GA	80000	80000
Idaho	ID	129000	129000
Illinois	IL	80000	80000
Indiana	IN	80000	80000
Iowa	IA	999999	999999
Kansas	KS	85500	85500
Kentucky	KY	80000	80000
Louisiana	LA	88000	88000
Maine	ME	100000	100000
Manitoba	MB	139994	139994
Maryland	MD	80000	80000
Massachusetts	MA	No Max	No Max
Michigan	MI	160001	160001
Minnesota	MN	80000	Maximum cab card weight is unlimited.
Mississippi	MS	80000	80000

Jurisdiction	Abbrv	Maximum Operating Weight (in lbs.)	Maximum Cab Card Weight (in lbs.)
Missouri	MO	80000	80000
Montana	MT	138000	138000
Nebraska	NE	94000	94000
Nevada	NV	129000	129000
New Brunswick	NB		
New Hampshire	NH	80000	80000
New Jersey	NJ	82,000	80,000 82,000 pounds for vehicles operated by an engine fueled primarily by natural gas.
New Mexico	NM	86400	80000
New York	NY	80000	No maximum operating weight. Permit issued by Department of Transportation.
Newfoundland and Labrador	NL	137788	137788
North Carolina	NC	80000	80000
North Dakota	ND	105500	105500
Nova Scotia	NS	137788	137788
Ohio	OH	80000	80000
Oklahoma	OK	90000	90000
Ontario	ON	139992	139992
Oregon	OR	105500	105500
Pennsylvania	PA	80000	80000
Prince Edward Island	PE	137788	137788
Quebec	QC	N/A axles	N/A
Rhode Island	RI	80000	80000
Saskatchewan	SK	139994	139994
South Carolina	SC	80000	80000
South Dakota	SD	N/A	N/A
Tennessee	TN	80000	80000
Texas	TX	80000	80000
Utah	UT	129000	80000
Vermont	VT	80000	80000
Virginia	VA	80000	80000
Washington	WA	105500	105500
West Virginia	WV	80000	80000
Wisconsin	WI	80000	80000
Wyoming	WY	117000	117000

Exceptions: Vermont - The maximum weight limit for persons/companies who haul milk may register up to 90,000 pounds. All others may only register for the legal limit of 80,000.

UNIFORM VEHICLE REGISTRATION PRORATION & RECIPROCITY AGREEMENT

The jurisdiction of Alaska is not a member of IRP or other reciprocal agreement.

DUAL REGISTRATION OR TEMPORARY REGISTRATION FOR COMMERCIAL VEHICLES

Temporary Registration for Truck or Trailer (TRT) <https://doa.alaska.gov/dmv/reg/dual.htm>

A temporary registration for truck or trailer may be purchased for commercial vehicles registered in another state/providence but not registered in the State of Alaska. This temporary registration is valid for up to 30 days and can be obtained online at myalaska.gov under the Measurement Standards and Commercial Vehicle Enforcement link. The vehicle must have a current registration in a different state/providence and the company's USDOT number must have been updated within the last 24 months.

TRTs may also be obtained at the Tok Weigh Station or the Tok DMV. Unregistered vehicles that proceed beyond Tok will be subject to citations and may be liable in any incident involving an unregistered vehicle.

Questions regarding TRTs may be directed to the Tok Weigh Station at 1-907-883-4591.

Fees:

\$350.00 for Trucks, Vans, Truck Tractor, or Commercial Bus

\$10.00 for Trailer or Semi-Trailer

Full Registration Fees are based on the manufacturer's unladen weight as follows for Commercial Vehicles/Trailers:

<u>Actual Weight Unladen</u>	<u>Annual</u>
Trailers (one-time fee)	\$ 20.00
5,000 pounds or less	\$ 90.00
5,001 through 12,000 pounds	\$134.00
12,001 through 18,000 pounds	\$258.00
18,001 and over	\$331.00

Inquiries can be made by contacting the Division of Motor Vehicles, 1300 West Benson Blvd., Anchorage, Alaska, 99503, or by telephone (907) 269-5551 or on-line at <https://doa.alaska.gov/dmv/> (Division of Motor Vehicles), <https://online.dmv.alaska.gov/MVRTCost/> (Vehicle Registration Cost), and <https://doa.alaska.gov/dmv/reg/home.htm> (Vehicle Registration).

Model year of the vehicle that is 8 years old or older and trailers of any age may be eligible for permanent registration. https://doa.alaska.gov/dmv/reg/Perm_Reg.htm
Each city has its own separate tax amount.

NOTE: The MCS Division does not guarantee that the Alaska information is current. Please check with the Division of Motor Vehicles to verify all registration requirements and fees.

EXEMPTIONS UNDER THE IRP

The following are examples of vehicles exempt from registering under the IRP, and are typically licensed through a Local County Treasurer's office:

- 1) Vehicles displaying restricted plates, such as:
 - Government vehicles
 - Special Mobile vehicles
 - Dealer-plated vehicles
- 2) Vehicles affected under separate reciprocal agreements that are not superseded by the IRP.

APPORTIONABLE VEHICLES

"Apportionable vehicle" means (except as provided below) any Power Unit that is used or intended for use in two or more Member Jurisdictions and is used for the transportation of persons for hire or designed, used, or maintained primarily for the transportation of property, **and**:

- 1) has two axles and a gross vehicle weight or registered gross vehicle weight in excess of 26,000 pounds or 11,793.401 kilograms, or
- 2) has three or more axles, regardless of weight, or
- 3) is used in combination, when the gross vehicle weight of such combination exceeds 26,000 pounds or 11,793.401 kilograms.

A Recreational Vehicle, a Vehicle displaying Restricted Plates or a government-owned Vehicle, is not an Apportionable Vehicle; except that a Power Unit, or the Power Unit in a Combination of Vehicles having a gross Vehicle weight of 26,000 pounds (11,793.401 kilograms), or less, nevertheless may be registered under the Plan at the option of the Registrant.

NON- APPORTIONABLE VEHICLES

A vehicle or combination of vehicles that does not meet the requirements of an apportionable vehicle may be apportioned at the option of the registrant provided the registrant has at least one apportionable vehicle or vehicle combination and the registrant's scope of operation qualifies them to operate under the International Registration Plan.

A carrier who operates only intra-state (does not travel in any other jurisdiction) is not eligible to license under IRP regardless of the scope of operation.

SELECTION OF BASE JURISDICTION

An Applicant may elect as its Base Jurisdiction any Member Jurisdiction:

- 1) where the Applicant has an Established Place of Business,
- 2) where the Fleet the Applicant seeks to register under the Plan **accrues distance**, and
- 3) where Records of the Fleet are maintained or can be made available.

An Applicant that does not have an Established Place of Business in any Jurisdiction may designate as a Base Jurisdiction any Member Jurisdiction:

- 1) where the Applicant can **demonstrate Residence**,
- 2) where the Fleet the Applicant seeks to register under the Plan **accrues distance**, and
- 3) where Records of the Fleet are maintained or can be made available.

To establish Residence in a Member Jurisdiction, an Applicant must demonstrate to the satisfaction of the Member Jurisdiction at least three of the following (one of these must be from # 5, 6, or 7 below)

1. A Montana driver's license if the applicant is an individual.
2. If the Applicant is a corporation registered to conduct business as a foreign corporation in Montana.
3. If the Applicant is a corporation & the principal owner is a Montana resident.
4. Proof the Applicant's federal income tax returns have been filed from an address in Montana.
5. Proof the Applicant has paid personal income taxes in Montana.
6. Proof the Applicant has paid real estate or personal property taxes in Montana.
7. Copy of a Montana utility bill in the applicant's name.
8. A vehicle titled in Montana in the applicant's name.
9. That other factors clearly evidence the Applicant's legal Residence in Montana. Examples of this are: Rental Agreement, registered with the MT Secretary of State, and other examples demonstrating residency as determined by MDT.

ESTABLISHED PLACE OF BUSINESS

Established Place of Business means a physical structure located within the Base Jurisdiction that is owned or leased by the Applicant or Registrant and whose street address shall be specified by the Applicant or Registrant. This physical structure shall be open for business and shall be staffed during regular business hours by one or more persons employed by the Applicant or Registrant on a permanent basis (i.e., not an independent contractor) for the purpose of the general management of the Applicant's or Registrant's trucking-related business (i.e., not limited to credentialing, distance, and fuel reporting, and answering telephone inquiries). The Applicant or Registrant does not need to have a land line telephone service at the physical structure. Records concerning the Fleet shall be maintained at this physical structure (unless such records are to be made available in accordance with the provisions of Section 1035). The Base Jurisdiction may accept information it deems pertinent to verify that an Applicant or Registrant has an Established Place of Business within the Base Jurisdiction.

BASE JURISDICTION FLEET DISTANCE

* Montana-based carriers must accrue distance within Montana. *

RECORD KEEPING

Carriers are required to maintain their operational records supporting the distance reported on their IRP Registration for the current application year ***plus*** the three registration years.

These records must be available for audit by any IRP member jurisdiction upon request.

If the records are not located in the base jurisdiction, or cannot be made available, and it becomes necessary to send the auditors to the place where the records are maintained, the carrier will be responsible for the travel expenses and per diem of the auditors to complete the audit.

More information regarding record keeping can be found at <http://www.irponline.org/?page=TrainingVideo&hhSearchTerms=%22record+and+keep%22>

You may also review the IRP FAQ: Records at <http://www.irponline.org/?page=FAQRecords>

RETENTION AND AVAILABILITY OF RECORDS

(a) A Registrant shall retain the Records on which the Registrant's application for apportioned registration is based for a period of four years following the close of the Registration year to which the application pertains, and on request, shall make such Records available for Audit per 61-3-728 MCA.

(b) Unless a waiver to the statute of limitations is granted by the Registrant, no assessment for deficiency or any refund shall be made for any period for which the Registrant is not required to retain Records.

ADEQUACY OF RECORDS

(a) The Records maintained by a Registrant under Plan Section 1000 shall be adequate to enable the Base Jurisdiction to verify the distances reported in the Registrant's application for apportioned registration and to evaluate the accuracy of the Registrant's distance accounting system for its Fleet.

(b) Provided a Registrant's Records meet the criterion in subsection (a), the Records may be produced through any means, and retained in any format or medium available to the Registrant and accessible by the Base Jurisdiction.

CONTENTS OF RECORDS

Records containing the following elements shall be accepted by the Base Jurisdiction as adequate under Plan Section 1005(a):

1. For Records produced by a means other than a vehicle-tracking system:

- (i) the beginning and ending dates of the trip to which, the Records pertain
- (ii) the origin and destination of the trip
- (iii) the route of travel

- (iv) the beginning and ending reading from the odometer, hubodometer, engine control module (ECM), or any similar device for the trip
 - (v) the total distance of the trip
 - (vi) the distance traveled in each Jurisdiction
 - (vii) the Vehicle identification number or Vehicle unit number
2. For Records produced wholly or partly by a vehicle-tracking system, including a system based on a global positioning system (GPS):
- (i) the original GPS or other location data for the Vehicle to which the Records pertain
 - (ii) the date and time of each GPS or other system reading
 - (iii) the location of each GPS or other system reading
 - (iv) the beginning and ending reading from the odometer, hubodometer, engine control module (ECM), or any similar device for the period to which the Records pertain
 - (v) the calculated distance between each GPS or other system reading
 - (vi) the route of the Vehicle's travel
 - (vii) the total distance traveled by the Vehicle
 - (viii) the distance traveled in each jurisdiction
 - (ix) the Vehicle identification number or Vehicle unit number
3. Summaries:
- (i) a summary of the Fleet's operations for each month, which includes both the full distance traveled by each Apportioned Vehicle in the Fleet during the calendar month, and the distance traveled in the month by each Apportioned Vehicle in each Jurisdiction
 - (ii) a summary of the Fleet's operations for each calendar quarter, which includes both the full distance traveled by Vehicles in the Fleet during the calendar quarter, and the distance traveled in each Jurisdiction by the Vehicles in the Fleet during the calendar quarter
 - (iii) a summary of the quarterly summaries

INADEQUATE RECORDS; ASSESSMENT

If the Records produced by the Registrant for Audit do not, for the Registrant's Fleet as a whole, meet the criterion in Plan Section 1005(a), or if, within 30 calendar days of the issuance of a written request by the Base Jurisdiction, the Registrant produces no Records, the Base Jurisdiction shall impose on the Registrant an assessment in the amount of twenty percent of the Apportionable Fees paid by the Registrant for the registration of its Fleet in the Registration Year to which the Records pertain. In an instance where the Base Jurisdiction knows that it is the Registrant's second such offense, the Base Jurisdiction shall impose an assessment of fifty percent of the Apportionable Fees paid by the Registrant for the registration of its Fleet in the Registration Year to which the Records pertain. When the Base Jurisdiction knows it is the Registrant's third offense, and on any subsequent offenses of the Registrant known to the Base Jurisdiction, the Base Jurisdiction shall impose an assessment of 100 percent of the Apportionable Fees paid by the Registrant for the registration of its Fleet in the Registration Year to which the Records pertain.

The Base Jurisdiction shall distribute the amounts of assessment it collects under this Section on a prorated basis to the other Jurisdictions in which the Fleet was registered.

BASE JURISDICTION AUDIT EXPENSES

If a Registrant does not make its Records available for Audit in its Base Jurisdiction and the Base Jurisdiction sends auditors beyond its borders to Audit those Records, the Base Jurisdiction may require the Registrant to reimburse the Base Jurisdiction for the *per diem* and travel expenses that the auditors incur in conducting the Audit.

AUDIT APPEALS

(a) The Base Jurisdiction shall provide a Registrant at least 30 calendar days from the date the Registrant is notified of the findings of an Audit or a reexamination to file a written appeal of the Audit or reexamination with the Base Jurisdiction. Such an appeal shall proceed in accordance with the administrative and appellate procedures of the Base Jurisdiction. (b) Upon the conclusion of the appeal process, the Base Jurisdiction shall notify all affected Member Jurisdictions of the results. If one or more findings of the Audit remain unresolved after these procedures have been exhausted, the Registrant may challenge disputed Audit findings that remain by filing a dispute in accordance with Plan Section 1400.

FINALITY OF AUDIT FINDINGS

Following the expiration of the time within which an appeal or request for reexamination may be filed under Plan Sections 1040 and 1065, and except in cases of fraud, the findings of an Audit or reexamination shall be final as to all Member Jurisdictions and as to the Registrant Audited.

NEW MONTANA-BASED IRP CARRIERS

A new IRP customer or a new fleet added to an existing IRP Account will use the base jurisdiction average per vehicle chart for all 59 jurisdictions from page 44 and pay the proportionate amount of fees for each of those jurisdictions in order to establish the IRP fleet.

New Fleets:

- (a) The establishment of a new Fleet by an Applicant does not in itself qualify the Applicant to have the apportioned fees for the new Fleet calculated using the Average per Vehicle Distance. An Applicant may not use Average per Vehicle Distance when the new Fleet is composed entirely or primarily of Vehicles which the Applicant operated or over which the Applicant exercised control during the Reporting Period and these vehicles accrued actual distance in the Member Jurisdictions for which the Applicant seeks apportioned registration.
- (b) When a Vehicle that has been (i) operated under long-term Lease that includes the Vehicle driver and (ii) registered as part of a Fleet of Apportioned Vehicles is sought to be registered under the Plan as a Fleet of a single Vehicle, the actual distance accrued by the Vehicle during the Reporting Period shall be used to calculate the Apportionable Fees of the Fleet, but only if the operation will reflect the operation under the long term Lease.

All **new** Montana-based IRP carriers **must** submit a deposit with their original application **when requiring a temporary authority (TA)**; otherwise, the application will be processed, and the invoice will be mailed or emailed, payable upon receipt. Make the check payable to: **Montana Department of Transportation.**

Base Jurisdiction Registration

The Base Jurisdiction shall register an Apportionable Vehicle under the Plan and issue Credentials when an Applicant has provided all information required and has paid all Apportionable Fees.

The carrier must have an active power unit fleet to have a trailer fleet on all new accounts.

Cancellation of Registration

The Base Jurisdiction shall cancel, suspend, or revoke any apportioned registration if the registration was granted erroneously, or if the Registrant fails to pay any apportionable fees.

Reciprocity for Trailing Equipment

(a) A Trailer, Semi-Trailer, or Auxiliary Axle properly registered in any Jurisdiction shall be granted full and free Reciprocity. This Reciprocity shall be deemed registration under the Plan, and shall apply to both InterJurisdictional Movement and IntraJurisdictional Movement or operation, provided that appropriate regulatory authority is held, if required.

(b) When registration fees are paid for the registration of an Apportionable Vehicle, full and free Reciprocity shall be granted to all Trailers, Semi-Trailers, and Auxiliary Axles used in a combination with that Apportionable Vehicle.

(c) No Member Jurisdiction shall require a Registrant of Power Units to register a number of Trailers, Semi-Trailers, or Auxiliary Axles in any proportion to the Registrant's apportioned Fleet of Power Units.

Once a temporary authority has been issued, the carrier is liable for payment of the entire invoice.

Deposit Amount Required

1 - 4 vehicles \$250.00 or 5 or more vehicles \$500.00

If you receive a Temporary Authority for up to 60 days in lieu of registration, please pay your invoice in adequate time so you have your credentials in place before your temporary expires.

Motor Carrier Services accepts: money orders, cashier checks, certified checks, e-checks, personal or company checks, Visa, MasterCard, Discover or American Express. Accounts that have checks returned for non-sufficient funds, will be required to pay all future invoices with money orders, cashier checks, certified checks, or credit card payments.

All new applications must have the following information in before their application will be processed. **Mailed, emailed, or faxed copies of new accounts or renewals are accepted.** Applications that are mailed must be mailed to the office at: Motor Carrier Services – PO Box 4639 – Helena, MT 59604-4639.

USDOT NUMBER – ACTIVE:

Carriers must keep their USDOT number(s) updated bi-annually with FMCSA if you are prorated through the state of Montana by updating the MCSA-1 / MCS-150 at <https://www.fmcsa.dot.gov/registration> .

Your filing schedule must go along with FMCSA's requirements found at <https://www.fmcsa.dot.gov/registration/updates-your-registration#biennial-updates>

If the companies USDOT number is not kept active, MCS may deactivate all power unit and trailer fleets.

Per MCA 61-3-723, if the company is not properly registered in at least one other jurisdiction during the prorated period of their power unit, the companies prorated fleets are not valid. Therefore, the MCS / MDT IRP office will be deactivating any power unit fleets. The trailer fleets will be kept active upon the company keeping their USDOT active.

UNIFIED REGISTRATION SYSTEM (URS)

What is the URS?

The Unified Registration System (URS) is a new electronic on-line registration system that will streamline and simplify the Federal Motor Carrier Safety Administration's (FMCSA) registration process and serve as a clearinghouse and depository of information on all entities regulated by the Agency, including motor carriers, brokers, freight forwarders, intermodal equipment providers (IEPs), hazardous materials safety permit (HMSP) applicants/holders, and cargo tank manufacturing and repair facilities. The URS will combine multiple registration processes, information technology systems and forms into a single, electronic online registration process.

Who is required to comply with the URS rule?

This rule applies to all interstate motor carriers (private and for-hire motor carriers of passengers and freight), freight forwarders, brokers, IEPs, HMSP applicants/holders, and cargo tank manufacturing and repair facilities under FMCSA jurisdiction.

FMCSA is extending the implementation date of the final stage of the Unified Registration System (URS) beyond January 14, 2017.

URS combines various forms that carriers, freight forwarders and brokers currently use to register and update their information with the Agency into a single, online registration application.

Only the initial registration by new applicants will be done using the URS online registration application.

More information can be found at: <https://www.fmcsa.dot.gov/registration/unified-registration-system> and <https://www.fmcsa.dot.gov/registration>.

Fraudulent and Misleading Marketing to New FMCSA Applicants

Please see the link below for more information.

<https://www.fmcsa.dot.gov/registration/fraudulent-and-misleading-marketing-new-fmcsa-applicants>

UNIFIED CARRIER REGISTRATION (UCR)

- 1) The UCR Agreement applies to the following types of operations of passenger and property in interstate commerce: Motor carrier, Motor private carrier, Freight forwarder, Broker, and Leasing company.
- 2) All registrants are required to submit an annual filing of information required within the UCR Agreement.
- 3) A carrier may do their own UCR at <https://www.ucr.gov/>
- 4) Or a carrier may submit a UCR Application with a check made out to Montana Department of Transportation, for just the UCR Payment, for all vehicles over 10,000 pounds travelling in an interstate operation.
- 5) IRP Credentials will not be issued until the UCR payment has been done.

STAGGERED REGISTRATION PERIODS AND EXPIRATION DATES

IRP fleets have a staggered registration. The expiration date of your fleet is determined at the time you create your fleet. The table below describes how the expiration date is assigned.

<u>MONTH OF REGISTRATION</u>	<u>EXPIRATION DATE</u>
January, February, March	December 31
April, May, June	March 31
July, August, September	June 30
October, November, December	September 30

All carriers are assigned one account number and may establish different fleets that travel in different jurisdictions and/or arrange for different expiration dates of the fleets to spread the cost of registration throughout the year. All the vehicles in a fleet will have the same expiration date.

REPORTING PERIOD:

“Reporting Period” means, except as provided below, the period of twelve consecutive months immediately prior to July 1 of the calendar year immediately preceding the beginning of the Registration Year for which apportioned registration is sought. If the Registration Year begins on any date in July, August, or September, the Reporting Period shall be the previous such twelve-month period. This is for reporting of your miles for Audit.

Effective on or after:	Expiration Date:	Reporting Period:
April 1, 2023	March 31, 2024	July 1, 2021 – June 30, 2022
July 1, 2023	June 30, 2024	July 1, 2021 – June 30, 2022
October 1, 2023	September 30, 2024	July 1, 2022 – June 30, 2023
January 1, 2024	December 31, 2024	July 1, 2022 – June 30, 2023
April 1, 2024	March 31, 2025	July 1, 2022 – June 30, 2023
July 1, 2024	June 30, 2025	July 1, 2022 – June 30, 2023
October 1, 2024	September 30, 2025	July 1, 2023 – June 30, 2024
January 1, 2025	December 31, 2025	July 1, 2023 – June 30, 2024

HEAVY VEHICLE HIGHWAY USE TAX (HVUT)

(Must be in the name of the owner of the vehicle)

Federal regulations require all states to verify payment of, or exemption from the tax before issuing or renewing vehicle registrations. Before a vehicle is registered, **the owner must provide proof this tax has been paid**. This is done at the time of licensing at the county or in MCS when registering under the IRP.

Proof of payment of the Federal HVUT must accompany your apportioned application for all vehicles 55,000 pounds registered gross vehicle weight or more. This is applicable if the vehicle is licensed for 55,000 pounds or more, or if the combination of vehicles is registered for 55,000 pounds or more. The Internal Revenue Service (IRS) provides an exemption for trucks used for 5,000 or fewer distance and agricultural vehicles used for 7,500 or fewer distance on public highways. This **exemption is a suspension** of payment of the HVUT only. The form **2290 must still be filed with the IRS** who will determine the suspension of tax payment.

Where To File - If you aren't filing electronically, mail Form 2290 to:

- Form 2290 **with** full payment
 - Internal Revenue Service, PO Box 932500, Louisville, KY 40293-2500
- Form 2290 **without** payment due or if payment is made through EFTPS or by credit/debit card
 - Department of the Treasury, Internal Revenue Service, Ogden, UT 84201-0031

Form 2290 Call Site

You can get immediate help with your Form 2290 questions by calling the Form 2290 call site in the US at The United States 866-699-4096 (toll free). The hours of operation are Monday–Friday, 8:00 a.m. to 6:00 p.m., Eastern time.

To register a vehicle, you **must** submit a receipted copy of your IRS Form 2290. The Form 2290 must be for the current tax period July 1 through June 30. You **must** include a copy of the receipted 2290 when sending in your renewal application for the new registration year. Or, if you would like **you can send the check made payable to the IRS and the 2290 form along with a stamped envelope for the IRS to our office and we will forward it for you to expedite payment.**

The Form 2290 must be filed by the last day of the month following the month of first use. The 60-day grace period is an IRS rule and is extended **ONLY** to **BRAND NEW (Current Year)** power units being added to a fleet. Renewal of power units not having an IRS Form 2290 accompanying the application **WILL NOT** be processed or licensed until proof of payment of the Heavy Vehicle Highway Use Tax (in the name of the owner of the vehicle) is provided.

When submitting your Form 2290, indicate your account number and the corresponding unit number of the vehicle. This will expedite processing the tax paid information into your account for the correct unit. **APPLICATIONS/RENEWALS WILL NOT BE PROCESSED WITHOUT A CURRENT COPY OF THE 2290 FOR ALL VEHICLES BEING RENEWED.**

REQUIREMENTS FOR PROOF OF 2290 FORMS

The Federal Highway Use Tax Form 2290 is required for all vehicles 55,000 pounds or more GVW (Gross Vehicle Weight) being registered through the IRP in Montana. This is a federal tax, and the State has no part in levying or collecting the tax. However, the State **MUST** see proof the tax was paid, in the form of a validated stamped received copy of Schedule 1 IRS Form 2290, prior to registering a vehicle that is subject to the tax. The following procedures will be followed:

- 1) Supplements adding vehicles will be processed when received. A temporary authority will be issued for up to 60 days and your credentials **will not** be sent out until a receipted copy of the proper 2290 **or both sides of the cancelled check along with the 2290 page listing the VIN#** is received. The carrier must provide the 2290 by the last day of the month, following the month the vehicle was added onto the carriers IRP fleet; not to exceed 60 days.
 - a. Example 1: If a vehicle is added mid-January, the carrier will have until the end of February to provide the 2290.
 - b. Example 2: The carrier adds a vehicle effective on July 1st, they will have until August 29th to provide the 2290 as this is the full 60 days.
- 2) For the June 30 through September 30 renewals only, MCS will accept the previous years receipted 2290. If you do not have one, one must be obtained.
- 3) During the period of July 1 and August 31, for ADDED vehicles, MCS will accept the previous years' 2290 or the new years' receipted copy or both sides of the canceled check along with the 2290 page showing the VIN#. If you provide MCS with the previous year's copy, a temporary will be issued for up to 60 days while you get proof of current year to MCS. Credentials **will not** be issued until MCS receives the proof of payment.
- 4) When a temporary is sent out for a vehicle and MCS does not have the correct 2290 your account will be blocked from further work until MCS receives it. The credentials **will not** be sent out until MCS gets a copy of your receipted Form 2290.
- 5) MCS will not accept a photocopy of the 2290 form and the check mailed to the IRS unless there are both sides of the check with the IRS endorsements. **NOTE: You can send MCS your Form 2290 and payment made out to the IRS with a stamped envelope made out to the IRS included, MCS will make the required verification and forward it on for you.** You can also go to an IRS office near you and have them stamp it for you and mail or fax it to the MCS office. This is probably the fastest way to get MCS the proof.

CANADIAN FUEL CHARGE REGISTRATION FOR INTERJURISDICTIONAL ROAD CARRIERS:

A new fuel charge applies to any carrier who has business activities in Manitoba, New Brunswick, Ontario, Saskatchewan, Nunavut and / or Yukon.

Please visit the Canadian website for further information and registration at <https://www.canada.ca/en/revenue-agency/services/tax/excise-taxes-duties-levies/fuel-charge.html>

SCHEDULE A & C – FLEET LEVEL

WYOMING INTRASTATE AUTHORITY

1. Wyoming Operating Authority is the granting of Intrastate (transporting from one location in Wyoming to another location in Wyoming) Authority to an individual or company to operate a motor vehicle as a motor carrier transporting persons or property including service trucks and/or contractors.
 - i) Must choose Yes or No on the Schedule A & C for new accounts in the fleet information section.
2. Those obtaining this authority after renewal or original application can have the change made at the next renewal.
3. See the Wyoming website for further information at http://www.dot.state.wy.us/home/trucking_commercial_vehicles/operating_authority.html

SCHEDULE A & C – VEHICLE LEVEL

COLORADO TRAILER

If a straight truck pulls a trailer and the combined empty weight of a truck and a trailer is less than 16,000 pounds, the carrier must indicate a “Yes”.

COLORADO - 10,000 MILES NATIONALLY (DISTANCE)

Will this unit travel more than 10,000 Miles Nationally?

The Colorado fee structure is per vehicle and the user will mark the forms with a **YES** or **NO** for each unit being added / renewed if the unit is traveling more than 10,000 miles nationally.

COLORADO SPECIAL USE TRUCK

If the truck type is a mobile mixing concrete truck, trash compacting truck, concrete pumping truck, or wrecker, the Colorado special truck must indicate a “yes”. When choosing the vehicle type of wrecker in ePART, the system will return a message that this indicator must be marked yes. The user must change this before proceeding forward.

UTAH SPECIAL TRUCK

If the Utah truck type is a cement pump, well boring unit, or crane, the Utah special truck must indicate a “Yes”.

“Utah allows for a 50% exemption of registration fees for the following types of heavy vehicles: Trucks used exclusively to pump cement, bore wells, or perform crane services with a crane lift capacity of five or more tons.”

UTAH NEW VEHICLE

Mark Yes or No: (MSO or MCO) A manufacturers statement of origin must be included if Yes. This is only applicable for the first year that this is on the IRP account. This will be set to No on the renewal.

QUEBEC REQUIREMENTS

For Quebec, you must provide the total number of axles for the overall vehicle combination.

AXLES, DOLLIES, JEEPS

Dollies, converter gears, booster axles and jeeps will not be registered or plated in Montana. However, the weight those axles will haul needs to be figured into the combined gross weight of the vehicle combination.

HOW TO REGISTER YOUR FLEET

On the following pages are explanations, examples, rules, and guidelines for the correct completion of the forms necessary to license your fleet.

Improperly completed forms cannot be corrected by a technician. Forms that have not been completed properly will be returned to the carrier to be corrected. Please read the instructions carefully and follow the guidelines set for each form.

If you have any questions or need assistance in filling out the forms call a licensing technician at (406) 444-2998. **Absolutely no changes will be taken over the phone. All changes require written documentation.**

Mail completed forms to:

**Montana Department of Transportation
Motor Carrier Services Division
PO Box 4639
Helena, MT 59604-4639**

The establishment of a new fleet by an Applicant does not in itself qualify the Applicant to have the apportioned fees for the new fleet calculated using Average Vehicle Distance. An Applicant may not use Average Vehicle Distance when the new fleet is composed entirely, or primarily, of vehicles the Applicant operated or over which the Applicant exercised control during the reporting period and these vehicles accrued actual distance in the Member Jurisdictions for which the Applicant seeks apportioned registration.

When a vehicle that has been (i) operated under long-term lease that includes the vehicle driver and (ii) registered as part of a fleet of apportioned vehicles is sought to be registered under the Plan as a fleet of a single vehicle, the actual distance accrued by the vehicle during the reporting period shall be used to calculate the apportionable fees of the fleet, but only if the operation will reflect the operation under the long-term Lease.

Example 1

123 Trucking company operated a fleet of vehicles during the reporting period based in Jurisdiction A with distance accrued in Jurisdictions A, B, C, and D.

The company relocated to Jurisdiction B closing all their operations and locations in Jurisdiction A. It moved two of the existing vehicles and purchased an additional two.

Meeting the definition of Established Place of Business in Jurisdiction B, 123 Trucking Company applies for IRP registration with Jurisdiction B as their Base Jurisdiction. It must use their actual distance operated during the reporting period while registered in Jurisdiction's A Fleet.

The following chart illustrates the distance which must be used in the original application to Jurisdiction B:

Jurisdiction	Distance operated by the Fleet with Base Jurisdiction A	Distance submitted on the new Fleet based in Jurisdiction B	Distance Percent
A	3,000	3,000	60.000 %
B	500	500	10.000 %
C	1,000	1,000	20.000 %
D	500	500	10.000 %
Total	5,000	5,000	100 %

Example 2

Vehicle operator ABC leased vehicle unit number 123 to the DMB Trucking Company during the reporting period, which provided the IRP registration in its name with Jurisdiction F as the Base Jurisdiction.

ABC has now decided to register in its own name. It will be running under DMB Trucking's authority, and the operation will be the same.

ABC qualifies in Jurisdiction G to register. ABC is not allowed to estimate for the new Jurisdiction G fleet but must use the actual distance operated during the reporting period while registered with DMB Trucking Company.

The following chart illustrates the distance which must be used in the original application to Jurisdiction G:

Jurisdiction	Distance Unit 123 operated with DMB Trucking	Percent
F	1,000	20.000 %
G	2,000	40.000 %
H	500	10.000 %
I	1,500	30.000 %
Total	5,000	100 %

The DMB trucking company must also report this distance as part of its fleet renewal schedule for Jurisdiction F.

APPLICATION INFORMATION

There are various schedules used when processing IRP accounts. The following are descriptions for Schedule A & C, Schedule B, and Schedule C-T and instructions on how to fill them out. Examples of the forms are located on pages 69 through 83.

Schedule A & C: Is used when establishing a new IRP account or fleet (Schedule B is also required for these two supplements), adding and/or deleting power units from a fleet, increasing weights, or requesting changes to vehicle information.

Schedule B: Is the recap sheet for reporting the jurisdictions the carrier will travel in and the distance being traveled. For new accounts, or additional power unit fleets the Schedule B: AVERAGE PER VEHICLE DISTANCE form will be used unless there is actual distance accrued from the prior 18 months (July 1 through June 30 of the preceding year), then form Schedule B: ACTUAL DISTANCE will be used, and actual distance will be recorded.

When adding power units of 55,000 pounds or more you must also include a current receipted copy of your Federal Highway Use Tax Form 2290 in the name of the owner of the vehicle, **proof of purchase price and proof of the previous registration when submitting Schedule A & C forms.**

Schedule C-T: Is the supplemental application that is used when a new trailer fleet is being created, adding, and/or deleting trailers from a fleet or requesting changes to trailer information.

NEW ACCOUNT CHECKLIST

The items listed on the new account checklist must accompany all new applications. Without this information, we will return your application to you until it is completed. Note the account number will be assigned to all new accounts by the MCS office, and you need to refer to this number when making any inquiries about it by phone, in person or by fax.

- 1) Completed Forms Schedule A & C, Schedule B (with a Scope of Operation - Provide a general description of your operation. Justification is required on the scope when there is more than a 10% variance in your weights within the jurisdictions.
- 2) **See the IRP New Account Checklist on page 78-80 for the remaining items required.**

SCHEDULE A & C

INSTRUCTIONS FOR COMPLETING VARIOUS IRP SUPPLEMENTAL APPLICATIONS

(Supplement requirements are listed below in the instructions for the Schedule A & C. Use the appropriate parts of the Schedule A & C form for each supplement.) See page 69-71 for an example of the Schedule A & C.

Remember to sign each additional weight and scope page with an authorized signature.

TYPE OF APPLICATION REQUESTED - Check the box(s) that describe(s) the type(s) of application you are requesting.

EFFECTIVE DATE - Enter the date that you want this application to take effect. You may choose the first day of the following month, because fees are based on full months only.

EXPIRATION DATE (leave this blank for new carriers) - This will be entered by MCS staff for new accounts, otherwise enter the expiration date of your account.

TAXPAYER IDENTIFICATION NUMBER (TIN) - Enter the number issued to your business by the IRS. If you have not been issued a number for your business, or you are an individual, you may obtain a TIN by calling 1-800-829-4933 (a social security number is no longer acceptable). If you are 55,000 lbs. or over, you must have a 2290. A 2290 requires that you have a TIN per the IRS instructions found at <https://www.irs.gov/pub/irs-pdf/i2290.pdf> **Instructions for the 2290**

REGISTRANT'S DOT # - Enter the Registrant's USDOT #. If the registrant does not have a USDOT #, enter "Registrant only".

NO. OF REG MONTHS (leave this blank for new accounts) - The number of registration months for new accounts will be entered by MCS staff.

ACCOUNT # - New accounts will be assigned an account number by MCS, otherwise enter your pre-established account number.

FLEET # - For new accounts or fleets to existing accounts, number each fleet in order (001, 002, etc.). If you are doing a supplement, enter your pre-established fleet number in this box.

SUPPLEMENT # - For new accounts or new fleets this number will be 000. For additional supplements number in order (001, 002, etc.).

LICENSE YEAR - Twelve-month period of registration. In Montana this can be staggered and does not usually equal the calendar year.

LEGAL NAME OF COMPANY - Enter the name on the account. This must match the name that goes with your USDOT number.

DBA (Doing Business As) - If you have a DBA, enter the name of the DBA on this line. This must match the name that goes with your USDOT number.

PHYSICAL ADDRESS - Provide the legal Montana or Alaska address (where business records are maintained) on this line. A PO Box number is not acceptable. This includes the City, State, Zip Code plus four, and the County.

MAILING ADDRESS - Provide the mailing address on this line. This includes the City, State, Zip Code plus four, and the County for the carrier. (Third Party's mailing address will no longer be used in this area.) The mailing address shown on the cab card is for the address of who is responsible for the safety of the vehicle.

CONTACT PERSON - Provide the name of a person we can contact if we have any questions about your account. **(This section is for the owner of the company, third party is below, if applicable.)**

PHONE # - Provide a phone number, fax number and alternate phone number, including the area code, for the contact person.

EMAIL ADDRESS - Provide an email address to which we can send information.

ONLINE ACCOUNT – New Accounts only: by checking this box (on the form) I understand that the email provided as the carrier or the Third-Party that all the renewals and email notifications on supplements will be provided to me electronically.

Carriers and Third-Party Providers can send their IRP Renewals or Supplement requests into MCS by email to: mdtmcsirpcontact@mt.gov

If the Email Notification is marked Y on the carriers account and there is an email address listed in the fleet details, the renewals, and all email notifications for IRP from MCS will be sent to the carrier electronically.

A Third-Party provider and a Carrier have access to view this information under IRP in Account Inquiry and Fleet Inquiry.

THIRD PARTY INFORMATION (if applicable): CONTACT PERSON - Provide the name of a person we can contact if we have any questions about this account. (A Power of Attorney will be required for any third-party providers each year.) The Power of Attorney form can be found on page 77.

PHONE # - Provide a phone number, fax number and alternate phone number, including the area code, for the contact person.

EMAIL ADDRESS - Provide an email address to which we can send information.

FLEET TYPE - Enter one of the following based on your type of operation: **"FHR"** = For Hire Rental Carrier; **"FOR"** = For Hire; **"PVT"** = Private Carrier; **"TRL"** = Trailer (will be done on the Schedule C-T only).

COMMODITY CLASS - Enter one of the following based on your type of operation: **"A"** = All; **"B"** = Bus; **"H"** = Household Goods; **"T"** = Trailer (will be done on the Schedule C-T only).

WYOMING AUTHORITY #: Carriers doing intrastate business in the State of Wyoming (picking up and dropping off a load within the state) must choose Yes or No on the Schedule A & C for new accounts.

- Those obtaining this authority after renewal or original application can have the change made at the next renewal.
- See the Wyoming website for further information at http://www.dot.state.wy.us/home/trucking_commercial_vehicles/operating_authority.html

VIN CORRECTION

FLEET VEHICLE UNIT # (OEN) - Enter the number assigned to the vehicle(s) you are correcting.

VEHICLE IDENTIFICATION NUMBER (VIN) - Enter the VIN of the vehicle(s) you are correcting.

LICENSE PLATE NUMBER - Enter the license plate number(s) for the vehicle(s) you are correcting.

- Supplement: Fill in TYPE OF APPLICATION REQUESTED, REGISTRANT/CARRIER INFORMATION, THIRD PARTY INFORMATION (if applicable), and VIN CORRECTION fields.

FLEET TO FLEET TRANSFER INFORMATION

For existing accounts, only, if you want to transfer one or more vehicles from one fleet to another fleet, **you must also complete the weight information page of the Schedule A & C** and complete the following:

FLEET VEHICLE UNIT # (OEN) - Enter the number assigned to the vehicle(s) you are transferring to another fleet.

VEHICLE IDENTIFICATION NUMBER (VIN) - Enter the VIN of the vehicle(s) you are transferring.

FROM FLEET # - Enter the number of the current fleet from which the vehicle(s) are being transferred.

TO FLEET # - Enter the number of the fleet to which you are transferring the vehicle(s).

- Supplement: Fill in TYPE OF APPLICATION REQUESTED, REGISTRANT/CARRIER INFORMATION, THIRD PARTY INFORMATION (if applicable), FLEET TO FLEET TRANSFER fields as well as a WEIGHT INFORMATION page which requires weights in ALL jurisdictions. Be sure to mark the Temporary Authority box if you are requiring a temporary as well.

DELETIONS OF POWER UNITS (CREDIT)

For existing accounts, only, send in the plate(s) and original cab card(s) for deletions, if you want to delete a vehicle from an account, please complete the following:

FLEET VEHICLE UNIT # (OEN) - Enter the number assigned to the vehicle(s) you are deleting.

VEHICLE IDENTIFICATION NUMBER (VIN) - Enter the VIN of the vehicle(s) you are deleting.

LICENSE PLATE NUMBER - Enter the license plate number(s) for the vehicle(s) you are deleting.

DELETION DATE - The date the vehicle is being deleted from our account.

DELETION REASON - The reason the vehicle is being deleted from the fleet.

WHEN A POWER UNIT IS DELETED WITHOUT AN ADDITION:

When a power unit is deleted from the fleet, a letter will be generated to apply for a refund for the remaining credit for that unit from the jurisdiction(s) listed on your cab card. It is the carrier's responsibility to apply for a refund through each jurisdiction. The carrier can visit this web site for further details for requesting the refund <http://www.irponline.org/?page=CreditsRefunds>.

GVW FEES - CREDITS AND REFUNDS

Gross vehicle weight fees are not transferrable but will be credited to the fleet from which the vehicles were transferred. When deletion of a power unit(s) occurs, the MT GVW credit will be reduced by 1/12 for each month in the system until fleet expiration.

WHEN A POWER UNIT IS DELETED WITH A NEW ADDITION (ADD/DELETE):

If a power unit is deleted and another is added at the same time, the remaining credit will transfer from the deletion to the new addition.

All registration fees must be repaid on vehicles transferred into the new fleet.

VEHICLE INFORMATION - (ADD POWER UNIT(S) SECTION)

(Vehicle information for unit(s) being added to a new or existing power unit fleet. Trailers are on a separate form called a Schedule C-T listed below.)

Vehicle Identification Number (VIN) - Enter the complete VIN, as listed on your title or other proof of ownership.

Unit # (OEN) - Enter the number you have assigned to the vehicle. A fleet vehicle unit number may not be duplicated; each vehicle must have its own fleet vehicle unit number.

Year - Enter the complete (4-digit) model year of the vehicle.

Body Type - Enter "TR" = Tractor, "TK" = Truck, "TT" = Truck Tractor; "WR" = Wrecker; or "BS" = Bus.

Vehicle Make - Enter the vehicle make, as listed on your title or other proof of ownership.

Axles - Enter the number of axles for each truck or tractor.

Combined Axles - If the vehicle is a truck or tractor that will be pulling another vehicle, you must enter the maximum combined number of axles.

Fuel Type - Enter "D" = Diesel, "E" = Electronic, "F" = Flexible, "G" = Gasoline, "H" = Hybrid-Electric Electric and Gasoline, "I" = Hybrid-Electric Electric Non-Gasoline, "N" = Liquid/Compressed Natural Gas (LNG/CNG), "P" = Propane, or "O" = Other.

Bus Seats - Enter the number of seats and axles for each bus.

Bus/HP - Enter the horsepower for the bus.

Luggage - If you are a bus carrying luggage – enter Yes / No

Unladen Weight - Enter the empty weight of the vehicle.

MT Gross Weight - List the gross weight for MT (truck, trailer, and load together). Remember a Heavy Highway Use Tax Form 2290 in the name of the owner of the vehicle must be received in the MCS office for any unit moving from a weight below 55,000 to any weight 55,000 or over.

Special Overlength Permit - When **special overlength permit** appears on your vehicle cab card this permit will expire with the vehicle registration. If you purchase it separately it will be issued for the calendar year only. Please see the following information about the permit.

OVERLENGTH PERMIT

There is one "Permit" available for vehicle combinations on your IRP registration that is valid for **Montana only**. This Overlength Permit will allow a carrier to operate their vehicle combination up to 95 feet in length or 81 feet combined trailer length. The permit is \$75.00 for each power unit for the registration year. The Permit available on your IRP cab card is for vehicle combination length only (example: doubles) and not the length of the load. Overlength on the cab card **does not** include width or height.

If you desire a permit to include **the width and height dimensions, DO NOT** request the overlength on your cab card. To obtain the height and width authorization, in addition to the length, you must obtain your permit from a weigh station or through our Permit Section at (406) 444-7262. This permit costs \$75.00 for the calendar year.

TRANSFER OF OVERLENGTH PERMIT

Overlength permits will be transferred from one vehicle to another ONLY for sold, traded, or totaled vehicles. Carriers cannot transfer a permit if an owner operator breaks their lease and goes to another carrier or begins operating on their own.

Purchase Price - Enter the amount the current owner paid for the vehicle (this should not include: Federal Excise Tax (FET), add-ons or trade-in's).

Purchase Date - Enter the month, day, and year the vehicle was purchased by the current owner. (mm/dd/yyyy)

Title Jurisdiction - Enter the two-letter abbreviation for the jurisdiction the vehicle is titled.

Title Number - Enter the title number located on your title. Unless this is a new purchase, you must provide the correct title number. If you have applied for a title, enter "**APPLIED**". (Your title number must be provided within 90 days of purchase.)

Safety USDOT # - Enter the USDOT number of the carrier responsible for the safety of the vehicle at the vehicle level.

Owner Name - Enter the name exactly as it appears on the title.

Owner Phone Number - MCS will be requesting the phone number on the vehicle level for the owner of the vehicle, not who is responsible for the safety of the vehicle.

Safety Taxpayer Identification Number (TIN) - Enter the number issued by the IRS to the carrier responsible for the safety of the vehicle's operation. If you have not been issued a number for your business, or you are an individual, you may obtain a taxpayer identification number by calling 1-800-829-4933 (a social security number is no longer acceptable). If you are

55,000 lbs. or over, you must have a 2290. A 2290 requires that you have a TIN per the IRS instructions found at <https://www.irs.gov/pub/irs-pdf/i2290.pdf> Instructions for the 2290.

Safety Responsibility field in IRP

There are three different choices accepted for the Motor Carrier Responsible for the Safety (MCRS) of the vehicle.

- **Owner (O):** Registrant and MCRS are the same and not expected to change (no lease).
- **Short term lease (S): (less than 30 days):**
 - This is when the MCRS is expected to change.
 - The USDOT Number and TIN of the Registrant is recorded at the vehicle level.
 - A lease agreement must be submitted with the application.
 - No safety information will be displayed on the cab card.
- **Long term lease (L): (greater than 29 days):**
 - The USDOT Number and TIN of the actual motor carrier responsible for safety must be identified and recorded at the vehicle level.
 - A lease agreement must be submitted with the application. The lease must identify who is responsible for the safety of the vehicle(s).
 - Example: a vehicle is leased, but the safety of the vehicle is still up to the registrant/carrier. Remember to verify this on the lease.
 - In this situation, the safety responsibility on the vehicle will be listed as Owner (of the company)
 - The Owner of the vehicle will be listed as the actual owner's name on the vehicle, which may not be the same as the Legal Name on the account

If the carrier responsible for safety changes during the registration year, it is up to the carrier to inform the IRP office of this change on the Schedule A & C IRP form as well as a copy of the lease, if applicable, to keep the carrier's vehicle records up to date. Cab cards will be issued accordingly as this information is listed on the cab card.

The cab card language was updated in September 2020 to include the following.

- The Registrant must notify the Helena IRP Office within 10 business days if the Motor Carrier Responsible for Safety changes on a vehicles long term lease.

MCS may require the registrant to complete the MDT Lease Agreement Certificate. This can be found at <https://www.mdt.mt.gov/publications/forms.shtml#com>

Definition: Motor Carrier Responsible for Safety (MCRS). Is the entity accountable for but not limited to, hours-of-service, safety regulations, vehicle maintenance, and drug and alcohol testing, and the safety of the driver.

Vehicle Safety - Will the safety responsibility of this vehicle be assigned to a different motor carrier during the registration year? Mark with **YES or NO**.

- If the carrier responsible for safety is expected to change during the year, the indicator should be set to Y.

- If the carrier responsible for safety is not expected to change during the year, the indicator should be set to N.

Will this unit travel more than 10,000 Miles Nationally? (Colorado fee structure is per vehicle.) – Mark **YES** or **NO** for each unit being added.

The Weight Information page is required on ALL supplements adding units or increasing weights for units.

New Vehicle: Mark Yes or No: A manufacturers statement of origin must be included if Yes.

WEIGHT INFORMATION

Next to each jurisdiction, enter the maximum gross weight of the vehicle you will be registering in US weight. These weights will appear on your cab card with the exception of the Canadian Provinces; they will be transferred into kilograms on the cab card.

- If this unit is a Light Vehicle (pickup), for MT, this will be listed as the MT Gross Weight = Up to ½ ton = 1,000; Up to ¾ ton = 1500; or Up to 1 ton = 2000.
- If this unit is a Light Vehicle (pickup), for all other jurisdictions, list the actual gross weight.

Cab Cards:

To ensure Montana registration fees are charged correctly, the Montana licensed gross weight on the cab cards will read:

Up to ½ ton = 1000; for ½ ton rated capacity vehicles
 Up to ¾ ton = 1500; for ¾ ton rated capacity vehicles
 Up to 1 ton = 2000; for up to 1 ton rated capacity vehicles

- Units operating at different weights must be added on a separate schedule A & C form. **For example, a tractor at 80,000 lbs. and a truck at 50,000 lbs. would need to be on two separate sheets. You must complete the weight information and scope portion on each separate Schedule A & C form for each different weight group. Any unit listed at 55,000 lbs. or over will require a current IRS 2290 Heavy Vehicle Use Tax form.**

Scope of Operation - Provide a general description of your operation. For new accounts only, if there is more than a 10% variance in the weights, justification must be provided.

CAB CARD LANGUAGE AND REPRINT

The language on the bottom of the cab card has been updated to include:

- The Registrant should notify the Helena IRP Office within 10 business days of any Legal Name, FEIN/ TIN and/or Address Changes. This information should also be updated on your MCMIS / MCS-150 on the FMCSA web site.
- The Registrant must notify the Helena IRP Office within 10 business days if the Motor Carrier Responsible for Safety changes on a vehicles long term lease.
- It is the carrier's responsibility to maintain an active USDOT number, even if the carrier is leased on with another company.
- The carrier can reprint a cab card at no charge on a power unit or trailer.

SIGNATURE

Original signature page listing all **persons authorized to request account activity**.

- If a third-party provider (prorate service) is contracted by the registrant, **a power of attorney form is required each year**. The Power of Attorney form can be found on page 77. For new accounts, the original signature Page or Power of Attorney Page is required by either mail or in person.
- A copy of a signature page may be submitted by scanning in the document(s) and emailing this in to get the IRP account started. A new carrier may go online and submit this electronically through the ePART process. (See page 76 for an example of this form.)
- Most supplements will be accepted via fax provided MDT has the original signature of ALL authorized persons to do work on your account on file.
- MDT must have the actual signatures of the authorized users or electronic signature.

ADDITIONAL SUPPLEMENT TYPES

FLEET CONSOLIDATION

A Registrant may combine two or more existing fleets of its apportioned vehicles one time each calendar year, if, the fleets are "like" fleets being power unit or trailer. The fleets must also have the same expiration date. In this situation, the apportionable fees of the vehicles in the resulting fleet shall be determined according to the actual distances accrued in the reporting period by all the vehicles in the resulting fleet.

SUPPLEMENT FOR ADDING AND/OR DELETING POWER UNITS

Fill in TYPE OF APPLICATION REQUESTED, REGISTRANT/CARRIER INFORMATION, THIRD PARTY INFORMATION (if applicable), VEHICLE INFORMATION FOR NEW ACCOUNTS OR ADDITIONS, DELETIONS (if applicable) as well as a WEIGHT INFORMATION page which requires weights in ALL jurisdictions. Be sure to mark the Temporary Authority box if you are requiring a temporary as well.

SUPPLEMENT FOR INCREASING WEIGHT

Fill in TYPE OF APPLICATION REQUESTED, REGISTRANT/CARRIER INFORMATION, THIRD PARTY INFORMATION (if applicable) VEHICLE INFORMATION FOR NEW ACCOUNTS OR ADDITIONS as well as a WEIGHT INFORMATION page.

SCHEDULE B

Schedule B is the distance schedule and recap sheet. This schedule is used for reporting the distance operated in each jurisdiction. (See pages 72 and 73 for examples of the two different Schedule B forms.)

- 1) If you have distance history in a jurisdiction in the preceding year (any part of time during July 1 through June 30) use those actual distances on the Schedule B: ACTUAL DISTANCE form. Actual distance should come from your IFTA tax returns for this period. **YOU MUST ACCRUE MONTANA MILES TO QUALIFY FOR RENEWAL NEXT YEAR (unless you started after June of the preceding year).** If you do not have any history, you must use the Schedule B: AVERAGE PER VEHICLE DISTANCE form found on page 73. (The Average Vehicle Distance Chart for all Jurisdictions is given on page 44.)
- 2) To apportion jurisdictions if you had **actual distance** in the preceding year (any part of time during July 1 through June 30) you will list the distance on the Schedule B: ACTUAL DISTANCE form found on page 72. You must **fill in the TOTAL FLEET MILES** for verification of distance on the Schedule B: ACTUAL DISTANCE form.
 - A Carrier is not required to have IFTA if they have an IFTA qualified vehicle. For IRP, the Carrier must keep track of all distances traveled for their reporting period on their renewal and must have the records available in case of audit.

QUALIFIED IFTA MOTOR VEHICLE

A motor vehicle used, designed, or maintained for the transportation of persons or property and:

- 1) Having two axles and a gross vehicle weight or registered gross vehicle weight exceeding 26,000 pounds or 11,797 kilograms; or
- 2) Having three or more axles regardless of weight; or
- 3) Is used in combination, when the weight of such combination exceeds 26,000 pounds or 11,797 kilograms gross vehicle or registered gross vehicle weight.

A qualified IFTA motor vehicle does not include recreational vehicles.

IFTA TAX RETURN MILES = IRP MILES

The IFTA tax return total miles / distance will show up on your IRP renewal Schedule B Form automatically if the carrier has only one active power unit fleet in IRP. In ePART, this is found on the Fleet Page. "Use IFTA Distance". This is either marked Y or N.

Distance information is based upon actual distance travelled in each jurisdiction for July 1 through June 30 of the reporting period.

Example: April 2021 renewal will use the IFTA miles from 3rd and 4th quarters of 2019 and the 1st and 2nd quarters from 2020.

The reporting quarters are:

- First Quarter - January, February, March
- Second Quarter - April, May, June
- Third Quarter - July, August, September
- Fourth Quarter - October, November, December

SCHEDULE B - For Renewing Carriers

RENEWAL OPERATORS (Please use the correct Schedule B either ACTUAL DISTANCE form or the AVERAGE PER VEHICLE DISTANCE form.)

Complete and submit your renewals as soon as possible. Our licensing staff will do their best to process your renewal as soon as they possibly can. **Invoices can be paid at any time prior to your expiration date. Remember to give ample time for credentials to be mailed to you from MDT and placed in your vehicles.** We cannot guarantee renewals being processed in the last two weeks of the quarter.

On the Renewal Schedule B, list distance traveled in **all jurisdictions** during the period of July 1, through June 30, of the preceding year or portion of the year that the fleet was apportioned. **You must include all distance generated by each vehicle, even though some units may have been deleted.** (If you had no actual miles in the time period, use the Average Per Vehicle Distance form found on page 72.)

Renewing IRP customers will report the actual distances operated during the reporting period and pay fees based only upon those distances. However, the renewal cab card will reflect all 59 jurisdictions.

Actual Distance: YOU MUST ACCRUE MONTANA MILES TO QUALIFY FOR RENEWAL (unless you started after June of the preceding year, then you would use the Schedule B: AVERAGE PER VEHICLE DISTANCE form).

A renewing IRP customer with no actual distance during the reporting period will be treated as a “new” IRP carrier and pay the proportionate amount of fees for all 59 jurisdictions in order to renew their IRP fleet. Second year estimated distance penalties are eliminated under FRP.

Start with the jurisdictions that you are currently apportioned in, listing the total actual distance that was traveled in each jurisdiction for each vehicle within the fleet. If your previous operation had trip permit distance in any jurisdiction, these will be used as “actual” for purposes of renewal.

You must **fill in the TOTAL FLEET MILES** for verification of distance.

Off-Highway Distance:

Off-highway distance must be included on the “actual” distance for the year; this is part of your total fleet distance. **Off-highway distance is not exempt from IRP.**

Distance Comment:

“Anything ending in a zero in one or more jurisdictions, to include the base jurisdiction, is considered even miles. A comment/justification as to why the actual miles are showing as even miles must be input into the Distance Comment Field”.

This is a new field on all Schedule B forms. This must have information input to continue.

SCHEDULE C-T (Trailers only supplement)

INSTRUCTIONS FOR COMPLETING IRP APPLICATION FORM SCHEDULE C & T

TYPE OF APPLICATION REQUESTED - Check the box(s) that describe(s) the type of application(s) you are requesting.

EFFECTIVE DATE - Enter the date that you want this application to take effect on the fleet. You may choose the first day of the following month, as fees are based on full months only.

EXPIRATION DATE - This is set to PERM. The expiration date listed on trailers is 12/2099.

ACCOUNT # - Put in your carrier account number.

FLEET # - Put in your fleet number (002, etc.).

SUPPLEMENT # - If you do not know the supplement number you may leave this blank and MCS will provide one.

LICENSE YEAR - Twelve-month period of registration. In Montana, this may be staggered and does not usually equal the calendar year.

LEGAL NAME OF COMPANY - Enter the name on the account. This must match the name that goes with your USDOT number.

DBA (*Doing Business As*) - If you have a DBA, enter the name of the DBA on this line. This must match the name that goes with your USDOT number.

PHYSICAL ADDRESS - Provide the legal Montana or Alaska address (where business records are maintained) on this line. A PO Box number is not acceptable. This includes the City, State, Zip Code plus four, and the County.

MAILING ADDRESS - Provide the mailing address on this line. This includes the City, State, Zip Code plus four, and the County for the carrier. (Third Party's mailing address will no longer be used in this area.) The mailing address shown on the cab card is for the address of who is responsible for the safety of the vehicle.

CONTACT PERSON - Provide the name of a person we can contact if we have any questions about your account. **(This section is for the owner of the company, third party is below, if applicable.)**

PHONE # - Provide a phone number, fax number and alternate phone number, including the area code, for the contact person.

EMAIL ADDRESS - Provide an email address to which we can send information.

TAXPAYER IDENTIFICATION NUMBER (TIN) - Enter the number issued to your business by the IRS. If you have not been issued a number for your business, or you are an individual, you may obtain a TIN by calling 1-800-829-4933 (a social security number is no longer acceptable). If you are 55,000 lbs. or over, you must have a 2290. A 2290 requires that you have a TIN per the IRS instructions found at <https://www.irs.gov/pub/irs-pdf/i2290.pdf> **Instructions for the 2290.**

REGISTRANT'S DOT # - Enter the Registrant's USDOT #. If the registrant does not have a USDOT #, enter "Registrant only".

THIRD PARTY INFORMATION (if applicable): (yes / no)

CONTACT PERSON - Provide the name of a person we can contact if we have any questions about this account. (A Power of Attorney will be required for any third-party providers each year.)

MAILING ADDRESS - Provide the mailing address on this line. This includes the City, State, Zip Code plus four, and the County for the carrier. (Third Party's mailing address will no longer be used in this area.) The mailing address shown on the cab card is for the address of who is responsible for the safety of the vehicle.

PHONE # - Provide a phone number, fax number and alternate phone number, including the area code, for the contact person.

EMAIL ADDRESS - Provide an email address to which we can send information.

FLEET TYPE - This is set to Trailer.

COMMODITY CLASS - This is set to Trailer.

VIN CORRECTION

(Leave Blank for all Supplements except VIN Corrections.)

FLEET VEHICLE UNIT # (OEN) - Enter the number assigned to the vehicle(s) you are correcting.

VEHICLE IDENTIFICATION NUMBER (VIN) - Enter the VIN of the vehicle(s) you are correcting.

LICENSE PLATE NUMBER - Enter the license plate number(s) for the vehicle(s) you are correcting.

DELETIONS OF TRAILERS (CREDIT)

(Leave Blank for all Supplements except Add/Delete or Delete Supplements.)

For existing accounts, only, if you want to delete a vehicle from an account, please complete the following:

FLEET VEHICLE UNIT # (OEN) - Enter the number assigned to the vehicle(s) you are deleting.

VEHICLE IDENTIFICATION NUMBER (VIN) - Enter the VIN of the vehicle(s) you are deleting.

LICENSE PLATE NUMBER - Enter the license plate number(s) for the vehicle(s) you are deleting.

DELETION DATE -The date the vehicle is being deleted from our account.

DELETION REASON -The reason the vehicle is being deleted from

DELETIONS OF TRAILERS - No credit will be given for the deletion of a perm plated trailer.

VEHICLE INFORMATION FOR NEW ACCOUNTS OR ADDITIONS

Vehicle Identification Number (VIN) - Enter the complete VIN, as listed on your title or other proof of ownership.

Unit # (OEN) - Enter the number you have assigned to the vehicle. A fleet vehicle unit number may not be duplicated; each vehicle must have its own fleet vehicle unit number.

Year - Enter the complete (4-digit) model year of the vehicle.

Body Type - Enter "ST" = Semi-Trailer or "FT" = Full Trailer.

Vehicle Make - Enter the vehicle make, as listed on your title or other proof of ownership.

Axles - Enter the number of axles for each trailer.

Combined Axles - You must enter the maximum combined number of axles; this includes the power unit and the trailer combined.

Unladen Weight - Enter the empty weight of the trailer.

MT Gross Weight - This is defaulted to 28,000 for trailers.

Purchase Price - Enter the amount the current owner paid for the vehicle (this should not include) Federal Excise Tax (FET), add-ons or trade-ins.

Purchase Date - Enter the month, day, and year the vehicle was purchased by the current owner. (mm/dd/yyyy)

Title Jurisdiction - Enter the two-letter abbreviation for the jurisdiction the vehicle is titled.

Title Number - Enter the title number located on your title. Unless this is a new purchase, you must provide the correct Title Number. If you have applied for a title, enter "**APPLIED**". You must provide the title number within 90 days.

Safety USDOT # - Enter the USDOT number of the carrier responsible for the safety of the vehicle at the vehicle level.

Owner Name - Enter the name exactly as it appears on the title.

Owner Phone Number - MCS will be requesting the phone number on the vehicle level for the owner of the vehicle, not who is responsible for the safety of the vehicle.

Safety Taxpayer Identification Number (TIN) - Enter the number issued by the IRS to the carrier responsible for the safety of the vehicle's operation. If you have not been issued a number for your business, or you are an individual, you may obtain a taxpayer identification

number by calling 1-800-829-4933 (a social security number is no longer acceptable). If you are 55,000 lbs. or over, you must have a 2290. A 2290 requires that you have a TIN per the IRS instructions found at <https://www.irs.gov/pub/irs-pdf/i2290.pdf> Instructions for the 2290.

Safety Responsibility field in IRP

There are three different choices accepted for the Motor Carrier Responsible for the Safety (MCRS) of the vehicle.

- Owner (O): Registrant and MCRS are the same and not expected to change (no lease).
- Short term lease (S): (less than 30 days):
 - This is when the MCRS is expected to change.
 - The USDOT Number and TIN of the Registrant is recorded at the vehicle level.
 - A lease agreement must be submitted with the application.
 - No safety information will be displayed on the cab card.
- Long term lease (L): (greater than 29 days):
 - The USDOT Number and TIN of the actual motor carrier responsible for safety must be identified and recorded at the vehicle level.
 - A lease agreement must be submitted with the application. The lease must identify who is responsible for the safety of the vehicle(s).
 - Example: a vehicle is leased, but the safety of the vehicle is still up to the registrant/carrier. Remember to verify this on the lease.
 - In this situation, the safety responsibility on the vehicle will be listed as Owner (of the company)
 - The Owner of the vehicle will be listed as the actual owner's name on the vehicle, which may not be the same as the Legal Name on the account.

If the carrier responsible for safety changes during the registration year, it is up to the carrier to inform the IRP office of this change on the Schedule A & C IRP form as well as a copy of the lease, if applicable, to keep the carrier's vehicle records up to date. Cab cards will be issued accordingly as this information is listed on the cab card.

The cab card language was updated in September 2020 to include the following.

- The Registrant must notify the Helena IRP Office within 10 business days if the Motor Carrier Responsible for Safety changes on a vehicles long term lease.

MCS may require the registrant to complete the MDT Lease Agreement Certificate. This can be found at <https://www.mdt.mt.gov/publications/forms.shtml#com>

Definition: Motor Carrier Responsible for Safety (MCRS). Is the entity accountable for but not limited to, hours-of-service, safety regulations, vehicle maintenance, and drug and alcohol testing, and the safety of the driver.

Vehicle Safety - Will the Safety responsibility of this vehicle be assigned to a different motor carrier during the registration year? Mark with a **YES or NO**.

- If the carrier responsible for safety is expected to change during the year, the indicator should be set to Y.

- If the carrier responsible for safety is not expected to change during the year, the indicator should be set to N.

SIGNATURE – Original signature page listing all **persons authorized to request account activity**.

- If a third-party provider (prorate service) is contracted by the registrant, **a power of attorney form is required each year**. The Power of Attorney form can be found on page 77.
- For new accounts, the original signature Page or Power of Attorney Page is required by either mail or in person.
- A copy of a signature page may be submitted by scanning in the document(s) and emailing this in to get the IRP account started. A new carrier may go online and submit this electronically through the ePART process. (See page 76 for an example of this form.)
- Most supplements will be accepted via fax provided MDT has the original signature of ALL authorized persons to do work on your account on file.
- MDT must have the actual signatures of the authorized users or electronic signature.

AVERAGE PER VEHICLE DISTANCE CHART (APVD)

The following chart gives the minimum estimated distance that will be allowed when creating your New Account.

AK (Alaska)	N/A	NV (Nevada)	1866
AL (Alabama)	516	NY (New York)	715
AR (Arkansas)	555	OH (Ohio)	789
AZ (Arizona)	1085	OK (Oklahoma)	929
CA (California)	4472	OR (Oregon)	2114
CO (Colorado)	1789	PA (Pennsylvania)	738
CT (Connecticut)	215	RI (Rhode Island)	18
DC (Dist. of Columbia)	3	SC (South Carolina)	482
DE (Delaware)	61	SD (South Dakota)	1155
FL (Florida)	1279	TN (Tennessee)	705
GA (Georgia)	823	TX (Texas)	3018
IA (Iowa)	682	UT (Utah)	2107
ID (Idaho)	3367	VA (Virginia)	1060
IL (Illinois)	876	VT (Vermont)	59
IN (Indiana)	733	WA (Washington)	3060
KS (Kansas)	642	WI (Wisconsin)	401
KY (Kentucky)	481	WV (West Virginia)	205
LA (Louisiana)	558	WY (Wyoming)	2173
MA (Massachusetts)	232	AB (Alberta)	1495
MD (Maryland)	140	BC (British Columbia)	383
ME (Maine)	108	MB (Manitoba)	348
MI (Michigan)	493	NB (New Brunswick)	23
MN (Minnesota)	1798	NL (Newfoundland/Labrador)	0
MO (Missouri)	977	NS (Nova Scotia)	0
MS (Mississippi)	341	NT (Northwest Territories)	N/A
MT (Montana)	9587	ON (Ontario)	14
MX (Mexico)	N/A	PE (Prince Edward Island)	0
NC (North Carolina)	443	QC (Quebec)	14
ND (North Dakota)	2647	SK (Saskatchewan)	1966
NE (Nebraska)	955	YT (Yukon Territories)	N/A
NH (New Hampshire)	42		
NJ (New Jersey)	695	Total Fleet Miles	63,905
NM (New Mexico)	1473		

Effective date for the APVD Chart is April 1, 2024

CHECKLIST FOR VARIOUS TRANSACTIONS

IRP forms may be found at: <http://www.mdt.mt.gov/publications/forms.shtml#com>

CHANGING WEIGHTS

- * Schedule A & C with pertinent parts filled in. Provide a general description of your operation.
- * Copy of Cab Card(s) for units being increased.
- * Copy of receipted Heavy Use Tax Form 2290 (in the name of the owner of the vehicle) for any vehicles going to 55,000 from a lower weight.

ADDING POWER UNITS

- * Schedule A & C with pertinent parts filled in. Provide a general description of your operation.
- * Vehicle title number on Schedule A & C.
- * Proof of Purchase (copy of bill of sale - do not include Federal Excise Tax (FET), add-ons or trade-ins).
- * Lease agreement (if applicable).

LEASE AGREEMENT CERTIFICATE

The MT IRP Office has developed a Per Vehicle "Lease Agreement Certificate" This is to be used when a carrier is leased on with another company. The purpose of this certificate is to list out all the vehicles that are on the Master Lease.

This certificate will be in addition to the Master Lease. The Master Lease agreement must still be received and remain in the MDT MCS Division office.

RECEIPTED IRS FORM 2290

Must be in the name of the owner of the vehicle

For any vehicle 55,000 pounds or more registered GVW. (MCS requires a copy of your receipted 2290 **before** credentials will be released.)

DELETING POWER UNITS

- * Schedule A & C with pertinent parts filled in.
- * License Plate(s) must be returned to MCS, **or** written certification that plate has been destroyed.
- * Original Cab Card(s) must be returned to MCS.

ADDING TRAILERS

- * Schedule C-T with pertinent parts filled in (pages 74-75).
- * Vehicle title number on Schedule C-T.
- * Proof of purchase (copy of bill of sale - do not include Federal Excise Tax (FET), add-ons or trade-ins).

- * Lease agreement (if applicable).

DELETING TRAILERS

- * Schedule C-T with pertinent parts filled out.
- * Original cab card(s) must be returned to MCS.
- * License Plate(s) must be returned to MCS, **or** written certification that plate has been destroyed.

REPLACING PLATES OR CAB CARD(S)

When requesting a replacement for a lost plate, cab card or year sticker, you must submit a Schedule A & C with pertinent parts filled out and a photocopy of the cab card for the vehicle(s), unless it is a lost cab card supplement. The charge for a lost plate is \$2.00 (plate) + \$2.00 (year sticker for plate) + \$2.00 for a new cab card since the new cab card will also have to be issued to reflect the new plate number and the new year sticker number. Please wait until you receive an invoice to send payment. Plates that are stolen must have a police report filed and faxed to the MCS office.

CHANGING VEHICLE INFORMATION

If data on the cab card is incorrect, submit a photocopy of the cab card with a letter stating the incorrect information that needs to be changed, and the correct information listed on a Schedule A & C form with pertinent parts filled in. Use VIN CORRECTION portion if requesting a vehicle identification correction.

There is a \$2.00 charge for the replacement cab card. **Please wait until you receive an invoice to send payment.**

TEMPORARY AUTHORITY IRP REGISTRATION

Temporary authority is available to carriers with established accounts.

The temporary authority will be issued for up to 60 days and will cost \$5.00 per vehicle. Payment must be made at the time of receipt for the temporary authority. The credentials, plates, stickers, cab cards **will not** be sent out until a receipted copy of the proper 2290 **or both sides of the cancelled check along with the 2290 page listing the VIN#** is received.

NOTE: If you order and receive a temporary the carrier is liable for payment of the entire invoice of the vehicle or vehicles regardless of whether you keep the vehicle or not.

UNLADEN / HUNTER PERMIT

The Unladen / Hunter permit is available to the carrier or the owner operator who is changing companies at the request to the Licensing office in Helena. When an operator is changing from one company to another and needs to travel to the new company to get the credentials to operate, there is the option of obtaining an unladen permit.

The unladen permit is issued for the registered gross weight not in excess of the empty weight of the vehicle or combination of vehicles being registered at a cost of \$5.00 per vehicle (plus applicable fees). **THE VEHICLE MUST TRAVEL UNLADEN**. It is valid for five days.

Obtaining an unladen permit does not obligate the owner operator or the new company to license the vehicle(s) but is a means of getting the vehicle(s) to the new company location for a decision whether or not to add the vehicle(s) to their fleet.

OWNER/OPERATOR VEHICLES

Proportional registration for owner/operators may be licensed in one of the following ways.

- 1) The owner/operator (lessor) may be the registrant and the vehicle may be registered in the name of the lessor. The apportioning of fees will be according to the operational records of the lessor. The plate and cab card will be the property of the lessor; or,
- 2) The carrier (lessee) may be the registrant at the option of the lessor and the vehicle may be registered by the carrier, but in both the owner-operator's name and that of the carrier as lessee, with apportioning of fees according to the records of the carrier. The plates and cab cards will be the property of the carrier (lessee).

HOUSEHOLD GOODS CARRIERS

Household Goods Carriers using equipment leased from service representatives may choose to base the equipment in the base jurisdiction of the service representative or that of the carrier.

For equipment owned and operated by owner operators, other than service representatives, and used exclusively to transport household goods, the equipment shall be registered in the base jurisdiction of the carrier. The registration shall be in the name of the carrier with the owner operator's name as the owner. Fees will be apportioned according to the carrier distance.

When household goods carrier equipment is to be registered in the base jurisdiction of the service representative, the registration will be in the service representative's name, with the carrier as owner. The fees for apportionment will be a combination of the

service representative and of the carrier. The records must be kept or made available in the service representatives' base jurisdiction.

RENTAL VEHICLES

All vehicle rental companies registering vehicles through the IRP must meet the base jurisdiction requirements; must have an established place of business; and, the fleet of vehicles must accrue distance in the base jurisdiction. Vehicles registered as part of a rental fleet can operate intrajurisdictionally or interjurisdictionally.

Fees for rental passenger cars operated in Montana are calculated using the following formula. To determine the percentage of total fleet vehicles that shall be registered in Montana, divide the gross revenue received in the preceding year for use of such rental vehicles arising from passenger car rental transactions occurring in the jurisdiction by the total gross revenue received in the preceding year for the use of such rental vehicles arising from passenger car rental transactions occurring in all jurisdictions in which such vehicles are operated. The resulting percentage shall be applied to the total number of passenger cars in the fleet and that figure shall be the number of rental passenger cars that shall be fully (100%) registered in Montana.

BUSES

Buses must be licensed by the gross loaded weight of the bus. The owner will determine the weight of the bus, passengers and cargo and submit this weight when applying for registration.

The registration fees for buses will be based on the relationship of base jurisdiction distance to total distance operated by the fleet. At the option of the registrant, total distance may be the sum of actual interjurisdictional distance or a sum equal to the scheduled route distance per jurisdiction from the farthest point of origination to the farthest point of destination.

TRAILER REGISTRATION

Semi-trailers and full trailers may be registered only if they are used in an interstate operation and **the registered owner has one or more motor vehicles registered through the IRP.**

PERMANENT STATUS:

- Trailers are listed as a separate fleet from the power units.
- When a new trailer is added to the fleet, the trailer will be registered as a permanent status with a permanent sticker.
- The new trailer registration will have a permanent expiration date of 12/2099.
- The cost is \$82.50 for the permanent trailer registration. This is not a pro-ratable fee.

DELETION:

- If the owner of a fleet removes a trailer from the fleet, the owner shall surrender the registration and license plate assigned to the trailer to the MCS office.
- The owner **may not transfer** the license plate and sticker to a trailer that is added to the fleet.

USDOT ACTIVE:

- To keep your trailers in an active status with IRP, you must keep your USDOT number active and updated bi-annually with FMCSA. If your USDOT number is not kept active and updated, MCS may inactivate the trailer fleet.

REGISTRATION FEE FOR LIGHT VEHICLES

<u>AGE OF VEHICLE</u>	<u>COST FOR VEHICLE</u>
<u>YEARS</u>	<u>COST</u>
0-4	\$217.00
5-10	\$87.00
11 and Older	\$28.00

Light vehicles [MCA 61-3-321](#) means a motor vehicle commonly referred to as an automobile, van, sport utility vehicle or truck having a manufacturer's rated capacity of 1 ton or less. Trucks exceeding 1 ton are licensed under the Schedule of Fees In Lieu of Tax and must pay gross vehicle weight fees. This is not pro-ratable a fee.

Vehicles with a manufacturer's rated capacity of 1 ton or less with a manufacturer's suggested retail of more than \$150,000 that is 10 years old or less, the annual registration fee is the amount above plus \$825. This is not pro-ratable a fee.

FEE IN LIEU OF TAX

Buses and trucks with a manufacturer's rated capacity of more than one ton, and tractors shall pay a fee in lieu of tax based on the age of the vehicle and the manufacturer's rated capacity of the vehicle. The age of the vehicle is determined by subtracting the manufacturer's model year of the vehicle from the calendar year for which the fee in lieu of tax is due. The manufacturer's rated capacity for a bus or truck with a manufacturer's rated capacity of more than 1 ton is the manufacturer's rated gross vehicle weight. The manufacturer's rated capacity for a tractor is the manufacturer's rated gross combined weight.

A power unit added to a fleet during the registration year will be assessed the fee in lieu of tax according to the remaining number of months in the registration year. **The fee in lieu of tax is not refundable, nor may a credit be given for a deleted vehicle.**

The fee in lieu of tax does not pertain to light vehicles.

FEE IN LIEU OF TAX SCHEDULE

JURISDICTION OF MONTANA

Effective: July 1, 2006

Weight: Pounds

Fees: US Dollars

21 Years or More	\$20.00	\$18.33	\$16.67	\$15.00	\$13.33	\$11.67	\$10.00	\$8.33	\$6.67	\$5.00	\$3.33	\$1.67

IDENTIFICATION FEES

Identification or administrative fees are not included in the registration fees and are not prorated nor does the apportioned percentage apply. Identification fees are:
Cab card - \$2.00; License plate - \$2.00; and Sticker that goes on the plate - \$2.00.

REGISTRATION FEES FOR HEAVY VEHICLES

The annual registration fee for heavy trucks, buses, and logging trucks in excess of 1 ton is \$22.75 and is pro-ratable, as per Registration Fees [61-3-321 mca](#) .

MT FEES – CHARGED

In reviewing the Gross Vehicle Weight fee chart below, you will notice that Montana's weight is in increments of 2,000-pound increments. This is how the fees are charged by MT.

An example of this: In IRP a user may ask for a GVW limit of 55,000 lbs on your Apportioned Registration. The user will be charged based on the 56,000 lb. weight increment.

SCHEDULE I FEES

Schedule I fees are the gross weight fees on trucks, truck tractors and buses, based on the loaded gross weight of the vehicle, including the maximum gross weight of any towed unit of each truck and truck tractor.

JURISDICTION OF MONTANA

Effective: January 1st, 2017

Weight: Pounds

Fees: US Dollars

Schedule of Registration Fees

126,001 to 128,000	\$1,954.00	\$1,791.17	\$1,628.33	\$1,465.50	\$1,302.67	\$1,139.83	\$977.00	\$814.17	\$651.33	\$488.50	\$325.67	\$162.83
128,001 to 130,000	\$2,000.00	\$1,833.33	\$1,666.67	\$1,500.00	\$1,333.33	\$1,166.67	\$1,000.00	\$833.33	\$666.67	\$500.00	\$333.33	\$166.67
130,001 to 132,000	\$2,046.00	\$1,875.50	\$1,705.00	\$1,534.50	\$1,364.00	\$1,193.50	\$1,023.00	\$852.50	\$682.00	\$511.50	\$341.00	\$170.50

For vehicles over 132,000 lbs. add \$46.00 for every 2000 lbs.

Montana's max GVW is 132,000 lbs. Combinations hauling Canadian weights may register for 138,000 lbs.

- * 8,000 pounds GVWR (gross vehicle weight rating) may be used to substitute manufacturer's rated capacity of 1/2 ton
- ** 10,000 pounds GVWR (gross vehicle weight rating) may be used to substitute manufacturer's rated capacity of 3/4 ton
- *** 14,000 pounds GVWR (gross vehicle weight rating) may be used to substitute manufacturer's rated capacity of 1 ton

CALCULATION OF APPORTION PERCENTAGES

The percent to each jurisdiction is calculated by dividing mileage by Total Fleet distance generated during the Distance Reporting Period (July 1 – June 30 of preceding year) and shown on Schedule B, then computed to the nearest thousandth. This percentage is then multiplied by each jurisdiction's fees, taking into consideration the weight and other elements. The percentages remain in effect for all transactions processed during the Registration Year.

FEE INCREASES

When a customer has requested a supplement and there is a fee increase for a jurisdiction that was not requested, this is more than likely due to that jurisdiction changing their fee structure, or other factors. MT must implement this change within so many days of the fee change request. The fees are calculated as determined in accordance with the law of the Member Jurisdiction(s).

EXAMPLES OF HOW TO FIGURE MT FEES

This does not consider how other jurisdictional fees are figured.

*If this unit is a Light Vehicle, check the appropriate box on the form and enter this as the MT Gross Weight. Up to ½ ton = 1,000; Up to ¾ ton = 1,500; and Up to 1 ton = 2,000

Examples of how to figure MT fees.

<u>Example 1:</u>	<u>Prorated Heavy Truck @ 54,000 lbs. Truck is a 1989 and is more than 21 years old. MT fees are at 16.457%.</u>
Registration Fee:	\$22.75 x 16.457% = <u>\$3.74</u>
Fee in Lieu:	\$16.00 x 16.457% = <u>\$2.63</u>
IRP GVW (Schedule 1 Fees):	54,000 GVW is \$380.00 for 12 months multiplied by the prorate percent of 16.457% = <u>\$62.54</u>
Registration Fee:	3.74
Fee in Lieu:	2.63
IRP GVW (Schedule 1 Fees):	62.54
Cab Card:	2.00
Plate:	2.00
Sticker:	2.00
Total MT Fees:	74.91

Example 2:

Prorated Heavy Truck @ 68,000 lbs. Truck is a 1997 and is more than 21 years old. MT fees are at 50.000%. In this example there is also a temporary authority and a special overlength permit requested.

Registration Fee:	$\$22.75 \times 50.000\% = \underline{\$11.38}$
Fee in Lieu:	$\$20.00 \times 50.000\% = \underline{\$10.00}$
IRP GVW (Schedule 1 Fees):	68,000 GVW is \$522.50 for 12 months multiplied by the prorate percent of 50.000 % = <u>\$261.25</u>
Registration Fee:	11.38
Fee in Lieu:	10.00
IRP GVW (Schedule 1 Fees):	261.25
Cab Card:	2.00
Plate:	2.00
Sticker:	2.00
Temporary Authority	5.00
Special Overlength Permit:	75.00
Total MT Fees:	368.63

Example 3:

Light Vehicle Fee – MT @ 2,000 lbs = 1 ton; all other jurisdictions are @ 38,000 lbs. Truck is a 2002, one ton. Vehicle is 21 years old in 2023. MT fees are at 50.000%.

Registration fee for light vehicle:	Fee is \$28.00 since the age of the vehicle is 11 years and older. $\$28.00 \times 50.000\% = \underline{\$14.00}$
Manufacturer's suggested retail:	Lower than \$150,000; the \$825.00 does not apply (or the MT %). = <u>\$0.00</u>
GVW Fees:	$\$17.50 \times 50.000\% = \underline{\$8.75}$
Registration Fee:	14.00
LT Vehicle Fee – Value:	0.00
IRP GVW (Schedule 1 Fees):	8.75
Cab Card:	2.00
Plate:	2.00
Sticker:	2.00
Total MT Fees:	28.75

Example 4:

Light Vehicle Fee – MT @ 1,000 lbs = 1/2 ton; all other jurisdictions @ 38,000 lbs. Truck is a 2021 and is two years old in 2023. MT fees are at 50.000%.

Registration fee for light vehicle:

Fee is \$217.00 since the vehicle is 2 years old in 2023.
 $\$217.00 \times 50.000\% = \underline{\$108.50}$

Manufacturer's suggested retail:

Higher than \$150,000; the $\$825.00 \times 50.000\% = \underline{\$412.50}$

GVW Fees:

$\$7.00 \times 50.000\% = \underline{\$3.50}$

Registration Fee:	108.50
LT Vehicle Fee – Value:	412.50
IRP GVW (Schedule 1 Fees):	3.50
Cab Card:	2.00
Plate:	2.00
Sticker:	2.00
Total MT Fees:	530.50

The percentages figured above in the examples (16.457% and 50.000%) come from distance reported in each jurisdiction at the time of registration. This is the percentage of MT's fees.

HOW MUCH WILL IT COST TO REGISTER MY FLEET IN IRP?

Your cost is dependent upon the jurisdictional percentages, GVW, and a fee in lieu tax on the truck and a and fees where apportionment is desired and the number of vehicles in the fleet, including the distance associated with the jurisdictions traveled.

A fleet means one or more apportionable vehicles designated by a registrant for distance reporting under the Plan.

To obtain an estimate of IRP registration costs, use the [IRP Fee Estimator](#), provided to IRP by Celtic Systems.

PRISM OVERVIEW

The IRP registration process provides the framework for PRISM. The registration process serves two basic functions: First, it establishes a system for identifying the carrier responsible for safe operation of motor vehicles. Second, the use of registration denial and suspension provides a powerful incentive for unsafe carriers to improve their safety performance.

Performance Registration Information System Management (PRISM) is a federal/state partnership to identify motor carriers with a deficient safety record, and to tie a carrier's safety fitness to the ability to register motor vehicles. MT maintains compliance with

ARM 18.8.202. PRISM links the Federal Motor Carrier Safety Administration's (FMCSA) motor carrier safety information with the states registration process to achieve two purposes:

1. To determine the motor carrier's safety fitness prior to registering a vehicle; and
2. By motivating the carrier to improve its safety performance either through an improvement process or the application of registration sanctions

The PRISM program includes two major processes: The commercial vehicle registration process and enforcement, these programs work in tandem to identify motor carriers and to hold them responsible for the safety of their operations. The performance of unsafe motor carriers is improved through a comprehensive system of identification, education, awareness, safety monitoring, and treatment.

The USDOT number is used to identify both the motor carrier responsible for safety and the individual vehicle registrant (if different). The carrier's safety fitness is checked prior to issuing vehicle registration. Unfit carriers may be denied the ability to register their vehicles. Carriers can update their USDOT information at: <http://safer.fmcsa.dot.gov/>. The USDOT number(s) must have the MCSA-1 update done annually if you are prorated through the state of Montana.

Carriers, registrants, and owner-operators are given information on safety performance. Concerned personnel can take steps to improve carrier safety. If an owner-operator or a registrant leases to an unsafe motor carrier, the owner-operator or registrant is notified of the carrier's MCSIP status.

ENFORCEMENT

Enforcement is the process by which the carrier safety is systemically tracked and improved. The process is designed to improve the safety performance of carriers with demonstrated poor safety performance through accelerated identification, performance monitoring and treatment. When a carrier is identified as needing improvement in safety practices the carrier enters the Motor Carrier Safety Improvement Process (MCSIP), Under MCSIP, carriers with potential safety problems are identified and prioritized for on-site reviews using the CSA – Compliance, Safety, Accountability program. The Motor Carrier Safety Measurement System (SMS) makes the maximum use of crash, driver, and vehicle and safety management data to develop an overall indicator of the carrier fitness that is used to prioritize carriers for possible on-site reviews.

PRISM BENEFITS

PRISM has demonstrated the following benefits: PRISM improves carrier safety by identifying the party responsible for the safe operation of commercial motor vehicles, Safety events such as inspections, crashes, and violations involving a PRISM vehicle can be tied back to the responsible motor carrier.

The principal means of identifying a potentially poor performing carrier is through the accumulation of carrier, vehicle, and driver specific events that are linked to the carrier through the USDOT number. Carriers are identified, treated, and released from a safety improvement program based on demonstrated highway performance after safety

treatment has been applied.

A motor carrier's performance is evaluated using all available data including roadside inspections, compliance reviews, crashes, and enforcement history. This safety information is updated continuously.

IMPROVE PRODUCTIVITY AND IMPROVE DATA QUALITY

PRISM has increased the efficiency and effectiveness of federal and state safety efforts through the efficient allocation of scarce resources, using the use of warning letters as an effective, inexpensive alternative to on-site compliance reviews for motor carriers with less severe safety problems.

PRISM has improved the accuracy and timeliness of motor carrier data by development of a procedure to obtain current motor carrier census data as part of the registration process; the development of a procedure to use the vehicle license plate number to more accurately assign inspection and crash data to the responsible motor carrier; and by the development of automated data collection procedures in the field to properly assign safety events to the proper motor carrier.

DATA QUALITY IMPROVEMENT

PRISM is a data-driven process. Increasing the quality and accuracy of available data improves the accuracy, efficiency, and effectiveness of the program. The USDOT number will be used at the vehicle, registrant, and carrier level to track safety events. Warning letters provide effective feedback to carriers. Carriers will have the opportunity to dispute and correct their safety-related information.

SUMMARY

PRISM is a federal/state partnership designed to improve highway safety by identifying motor carriers with unsatisfactory safety ratings. It is a data-driven program. Only those few carriers determined to be unsafe will be affected by PRISM. PRISM will be administered as a part of the International Registration Plan.

COMMERCIAL VEHICLE REGISTRATION PROCESS

DETERMINING LEGAL GROSS WEIGHT

When determining the legal maximum gross weight of a vehicle or vehicle combination, there are three variables to take into consideration.

The three variables are:

- 1) Axle configurations**
- 2) Bridge measurements/number of axles**
- 3) Tire size (safety rating)**

For vehicle combinations, all three variables must be known to determine the legal, maximum allowable weight for that combination.

For single vehicles, the "Bridge Measurement" variable would not apply unless there are four or more axles on the vehicle.

Now look at each of the variables alone and see how they apply to the gross vehicle weight of the vehicles. As stated earlier, all three variables (in most instances) will be used to figure weights. We will now disseminate each variable, explaining the processes, means and terminology used. Then we will use all three together to determine the correct weight allowed on various vehicles, and vehicle combinations.

AXLE CONFIGURATIONS

There are five basic axle configurations to be aware of when determining legal weight of a vehicle. Each of these configurations has different legal, maximum weight allowed. Let's take a look at each of these, determine the legal weights of each and get to know the terminology involved with each.

Single Axle: (single tires)

This configuration is legal for the maximum weight of the manufactures' rating (safety rating). This is found on the sidewall of the tire and is usually somewhere around 6,500 pounds per tire. To determine the legal axle weight allowed for this axle, you would take the "safety rating" of each tire and multiply it by the two tires. Single axles (other than the steering) that have single tires are limited to a maximum weight of 11,000 pounds unless they are wide-based tires. A wide based tire is a tire that has 14 or more inches of nominal width and are limited to 500 pounds per inch width of tire or 20,000 pounds whichever is less.

Shown above is an example of a Single Unit Truck (like a u haul truck)

Shown above is an example of a Single Axle Truck with dual tires

This configuration is legal for a maximum of 20,000 pounds per axle if the overall bridge spacing allows it.

Tandem Axle:

A tandem axle is two axles, whose centers are more than 40 inches apart and less than 96 inches apart. Two axles whose centers are less than 40 inches apart are considered to be a single axle and are legal only for 20,000 pounds. Two axles whose centers are more than 96 inches apart are considered spread axles and thus are legal for bridge chart allowances (38,000, 39,000 or 40,000 pounds depending on the distance 96 inches to 120 inches). This configuration is legal for 34,000 pounds.

Shown above is an example of a Tractor with full trailers

Multiple Axles:

This configuration is a set of three or more axles put together as a unit. The legal maximum weight allowed must be figured using the "Bridge Measurement" variable found on page 62 of this manual.

Shown above is an example of a Truck Tractor with a semi-trailer with multiple axles.

Spread Axle:

A spread axle configuration is two axles whose centers are 96 inches or more apart. This configuration is considered to be a spread axle and is legal for bridge chart allowances (38,000, 39,000 or 40,000 pounds depending on the distance between 96 inches to 102 inches).

Shown above is an example of a Truck Tractor with a semi-trailer with a spread axle.

BRIDGE MEASUREMENTS

The bridge measurement is calculated on a complex formula, taking into account a vehicle's wheelbase and number of axles, to determine the legal gross weight of a vehicle, combination of vehicles, or a group of axles.

The formula is: $W=500((LN/(N-1)) +12N+36)$ in which "W" equals gross weight, "L" equals wheelbase in feet, and "N" equals the number of axles.

For your convenience in determining axle weights and gross weights, the Bridge Formula has been converted into an easy-to-use chart. To use the chart, you need to know the total number of axles in the vehicle combination and the distances in feet and inches between axles. To achieve the most accurate interpretation of the formula, it is

best to measure from center-to-center on all axles. For example, on a six-axle tractor-trailer combination, measure from the steering axle (axle #1) to the first drive axle (axle #2), the first drive axle (axle #2) to the next drive axle (axle #3). Repeat this process until you have reached the last axle in the combination. For purposes of determining weight, measurements are rounded up if the distance is (6) or more inches. Measurements are rounded down if the distance is (5) or fewer inches.
 Example: 9'6" = 10 feet. 8'4" = 8 feet.

A nine-axle combination pictured below is used to illustrate how the weight distribution is determined. The steering axle is number 1, the first drive axle is number 2, the second drive axle is number 3, etc. Using the bridge chart (see page 67-68), go to the number of axles, then down to the number of feet from the first to last axle in the axle group. For example, to determine the maximum allowed on the second trailer, determine the distance from axle 6 to axle 9, a total of four axles. Using the bridge chart, go to 4 axles, then down to 34 feet. Where 4 axles intersects 34 feet is 64,660 pounds. This is the maximum that can be carried on the second trailer.

The interior bridge measurement (excluding the steering axle) determines the maximum weight that can be carried on the drive axles and trailer axles. In the illustration, the maximum weight on the inner bridge is 75' – 108,850 lbs. The maximum weight allowed on the combination (including the steering axle) is 90' – 122,620 lbs. To determine the maximum practical gross weight, use the 108,850 lbs. and add the steering axle weight (usually 12,000 pounds). The difference between 122,620 lbs. and 108,850 lbs. must be placed on the steering axle to achieve the maximum legal gross weight.

Gross Vehicle Weight Chart

State of Montana

Formula: $W = 500 ((LN / (N-1)) + 12N + 36)$ in which W = gross weight, L = wheelbase in feet, and N = number of axles. The formula provides for maximum gross weight allowed on any vehicle or combination of vehicles, and maximum gross weight for any groups of axles. No tandem axle to exceed 34,000 pounds. 61-10-107 MCA defines a tandem axle as 2 consecutive axles more than 40 inches or less than 96 inches apart. No single axle to exceed 20,000 pounds.

Maximum gross weight for reducible loads is 131,060 pounds.

Lease Agreements

A copy of the Master Lease agreement must remain in the MDT MCS division office.

- A copy of the existing Lease Agreement is necessary if the lessee is the registrant. The Lessor's full name must be indicated in the lease. Lease Agreements are **not** required on renewal vehicle, unless there is a change in the Lease Agreement that is currently on file with the IRP Unit. This certificate must be updated when new vehicles are added to the master lease agreement.
- The Lessor (registered owner) must maintain an active Interstate USDOT Number when the Lessee is not the motor carrier responsible for the safety (MCRS).

IRP DEFINITIONS

Applicant:

“Applicant” means a Person in whose name an application is filed for registration under the Plan.

Apportionable Fee:

“Apportionable Fee” means any periodic recurring fee or tax required for registering Vehicles, such as registration, license, or weight fees.

Apportionable Vehicle:

“Apportionable Vehicle” means (except as provided below) any Power Unit that is used or intended for use in two or more Member Jurisdictions and that is used for the transportation of persons for hire or designed, used, or maintained primarily for the transportation of property, and:

1. has two Axles and a gross Vehicle weight or registered gross Vehicle weight in excess of 26,000 pounds (11,793.401 kilograms), or
2. has three or more Axles, regardless of weight, or
3. is used in combination, when the gross vehicle weight of such combination exceeds 26,000 pounds (11,793.401 kilograms).

A Recreational Vehicle, a Vehicle displaying Restricted Plates or a government-owned Vehicle, is not an Apportionable Vehicle; except that a Power Unit, or the Power Unit in a Combination of Vehicles having a gross Vehicle weight of 26,000 pounds (11,793.401 kilograms), or less, nevertheless may be registered under the Plan at the option of the Registrant.

Apportioned Vehicle:

“Apportioned Vehicle” means an Apportionable Vehicle that has been registered under the Plan.

Audit:

“Audit” means the examination of a Registrant’s Records, including source documents, to verify the distances reported in the Registrant’s application for apportioned registration and evaluate the accuracy of the Registrant’s distance-accounting system for its Fleet. Such an examination may be of multiple Fleets for multiple years.

Auxiliary Axles:

An auxiliary undercarriage assembly with a fifth wheel and tow-bar used to convert a semi-trailer to a trailer.

Average Per Vehicle Distance (AVPD)

When the Application is for a Fleet that did not accrue any actual distance during the Reporting Period, the Base Jurisdiction shall assess registration fees for the Fleet based on the average per-Vehicle distance in each Member Jurisdiction as determined in Section 320 of the IRP Plan which can be found at https://cdn.ymaws.com/www.irponline.org/resource/resmgr/publications/irp_plan_2018.pdf

How to use the APVD Chart:

- The key to using the APVD Chart is whether there is actual distance in the registration year’s reporting period.

- The reporting period is the twelve consecutive months immediately prior to July 1 of the calendar year immediately preceding the beginning of the registration year for which apportioned registration is sought.
- If the registration year begins on any date in July, August, or September, the reporting period will be the previous such twelve-month period.
- If there is actual distance in a registration year's reporting period, use it. If not, use the APVD Chart.

Axle:

An assembly of a vehicle that consists of two or more wheels whose centers are in one horizontal plane, by means of which a portion of the weight of a vehicle and its load, if any, is continually transmitted to the roadway. For purposes of registration under the IRP, an axle is any such assembly whether or not it is load bearing only part of the time.

For example, a single unit truck with a steering axle and two axles in a rear-axle assembly is an apportionable vehicle even though one of the rear axles is a so-called dummy, drag, tag, or pusher type axle.

Base Jurisdiction:

Means the Member Jurisdiction, selected in accordance with Section 305, to which an Applicant applies for apportioned registration under the Plan or the Member Jurisdiction that issues apportioned registration to a Registrant under the Plan.

Base Plate:

The license plate issued by the base jurisdiction and shall be the only registration identification plate issued for the vehicle by any member jurisdiction.

Bus:

A motor vehicle designed to carry more than 10 passengers and used for the transportation of persons and every motor vehicle, other than a taxicab, designed and used for the transportation of persons for compensation.

Cab Card:

Means an evidence of registration, other than a Plate, issued for an Apportioned Vehicle registered under the Plan by the Base Jurisdiction and carried in or on the identified vehicle.

Commercial Motor Vehicle:

A motor vehicle or combination of motor vehicles used in commerce to transport passengers or property, if the vehicle:

- 1) has a gross combination weight rating or, in the absence of a gross combination weight rating, a declared weight of 26,001 pounds or more inclusive of a towed unit with a gross vehicle weight rating of more than 10,000 pounds; or
- 2) is designed or used to transport 16 passengers or more, including the driver; or
- 3) is a school bus; or
- 4) is of any size and is used to transport any quantity or form of hazardous material required to be placarded pursuant to Title 49, Code of Federal Regulations.

Combination of Vehicles:

"Combination of Vehicles" means a Power Unit used in combination with one or more Trailers, Semi-Trailers, or Auxiliary Axles.

Combined Gross Weight:

The total unladen weight of any combination of vehicles plus the weight of the load carried on that combination of vehicles.

Credentials:

“Credentials” means the Cab Card and Plate issued in accordance with the Plan.

Dolly:

A device consisting of one or two axles with a fifth wheel and trailer tongue used to support the forward end of a semi-trailer, thereby converting a semi-trailer into a full trailer.

Enforcement Date:

“Enforcement Date” means the date the Base Jurisdiction requires a Registrant to display the new Registration Year’s Credentials.

Established Place of Business:

Means a physical structure located within the Base Jurisdiction that is owned or leased by the Applicant or Registrant and whose street address shall be specified by the Applicant or Registrant. This physical structure shall be open for business and shall be staffed during regular business hours by one or more persons employed by the Applicant or Registrant on a permanent basis (i.e., not an independent contractor) for the purpose of the general management of the Applicant’s or Registrant’s trucking-related business (i.e., not limited to credentialing, distance, and fuel reporting, and answering telephone inquiries). The Applicant or Registrant need not have land line telephone service at the physical structure. Operational Records concerning the Fleet shall be maintained at this physical structure (unless such records are to be made available in accordance with the provisions of Section 1035). The Base Jurisdiction may accept information it deems pertinent to verify that an Applicant or Registrant has an Established Place of Business within the Base Jurisdiction. **(A post office box does not meet this definition.)**

Fleet:

One or more apportionable vehicles designated by a registrant for distance reporting under the Plan.

Grace Period:

“Grace Period” means a period of time from the expiration of apportioned registration until the Enforcement Date for new Credentials.

Gross Weight:

The total unladen weight of any vehicle plus the weight of the load to be carried on the vehicle.

GVW Fees:

Gross weight fees paid on trucks, tractors and buses based on the entire gross loaded weight of the vehicle, plus the weight of any unit(s) being towed. This applies to all power vehicles and vehicle combinations.

Household Goods Carrier:

“Household Goods Carrier” means a carrier handling (i) personal effects and property used or to be used in a dwelling, or (ii) furniture, fixtures, equipment, and the property of stores, offices, museums, institutions, hospitals, or other establishments, when a part of the stock, equipment, or supply of such stores, offices, museums, institutions, including objects of art, displays, and exhibits, which, because of their unusual nature or value, requires the specialized handling and equipment commonly employed in moving household goods.

Interstate:

Vehicle movement between or through two or more jurisdictions.

Intrastate:

Vehicle movement from one point within a jurisdiction to another point within the same jurisdiction.

Jurisdiction:

“Jurisdiction” means a country or a state, province, territory, possession, or federal district of a country.

Lease:

“Lease” means a transaction evidenced by a written document in which a Lessor vests exclusive possession, control, and responsibility for the operation of a Vehicle in a Lessee for a specific term.

Long-Term:

Any lease agreement for a period of 30 calendar days or more.

Short-Term:

Any lease agreement for a period of less than 30 calendar days.

Lessee:

“Lessee” means a Person that is authorized to have exclusive possession and control of a Vehicle owned by another under terms of a Lease agreement.

Lessor:

“Lessor” means a Person that, under the terms of a Lease agreement, authorizes another Person to have exclusive possession, control of, and responsibility for the operation of a Vehicle.

Light Vehicles:

A motor vehicle commonly referred to as an automobile, van, sport utility vehicle or truck having a manufacturer’s rated capacity of 1 ton or less.

Motor Vehicle:

A vehicle propelled by its own power and designed primarily to transport persons or property upon the highways of the state.

New Accounts

- If a carrier opens a new fleet in an established account in July, August, or September and used the APVD because they did not have actual distance in the period, the carrier will not have the actual distance in the reporting period that is applicable to the renewal in the next year.
- A carrier who opens a new account with no previous actual distance in July, August, or September will use an AVPD twice.
- For the remaining nine months, the APVD will only be used once unless there is no actual distance in the reporting period. An example of this would be opening a new fleet to an established account in June of 2020, but no actual travel occurred until July of 2020.

New Vehicle Purchase:

When purchasing a “new” vehicle, the new owner of the vehicle should have received a 40-day temporary registration permit from the dealer; or one can be obtained from a Montana County Treasurer’s office. The 40-day temporary registration does cover the gw fees for MT. If the vehicle leaves the State of MT, it may require IRP or Trip Permit prior to travel in other jurisdictions.

Operational Records:

Means source documents that evidence distance traveled by a Fleet in each Member Jurisdiction, such as fuel reports, trip sheets, and driver logs, including those which may be generated through on-board recording devices and maintained electronically, as required by the APM (Audit Procedures Manual)

Reciprocity:

Means that an apportionable vehicle properly registered shall be exempt from further registration by any other member jurisdiction.

Registrant:

“Registrant” means a Person in whose name a Properly Registered Vehicle is registered.

Registration Year:

“Registration Year” means the twelve-month period during which, under the laws of the Base Jurisdiction, the registration issued to a Registrant by the Base Jurisdiction is valid.

Rental Fleet:

“Rental Fleet” means Vehicles the Rental Owner designates as a Rental Fleet and which are offered for rent with or without drivers.

Rental Owner:

“Rental Owner” means someone who rents Vehicles to others with or without drivers.

Rental Vehicle:

“Rental Vehicle” means a Vehicle of a Rental Fleet.

Reporting Period

Reporting Period means, except as provided below, the period of twelve consecutive months immediately prior to July 1 of the calendar year immediately preceding the beginning of the Registration Year for which apportioned registration is sought. If the Registration Year begins on any date in July, August, or September, the Reporting Period shall be the previous such twelve-month period.

Residence:

“Residence” means the status of an Applicant or a Registrant as a resident of a Member Jurisdiction.

Restricted Plate

“Restricted Plate” means a plate that has a time, geographic area, distance, or commodity restriction or a mass transit or other special plate issued for a bus leased or owned by a municipal government, a state or provincial transportation authority, or a private party, and operated as part of an urban mass transit system, as defined by the Jurisdiction that issues the plate.

Special Mobile Equipment:

A vehicle not designed for the transportation of persons or property on the highways but incidentally operated or moved over the highways, including road construction or maintenance machinery, ditch-digging apparatus, and well-boring apparatus. The fact that equipment is permanently attached to a vehicle does not make the vehicle special mobile equipment.

Total Distance

“Total Distance” means all distance operated by a Fleet of Apportioned Vehicles. Total Distance includes the full distance traveled in all Vehicle movements, both interjurisdictional and intrajurisdictional, and including loaded, empty, deadhead, and bobtail distance. Distance traveled by a Vehicle while under a trip Lease shall be considered to have been traveled by the Lessor’s Fleet.

Tractor (TR):

“Tractor” means a motor Vehicle designed and used primarily for drawing other Vehicles, but not so constructed as to carry a load other than part of the weight of the Vehicle and load so drawn.

Trailers (ST) or (FT):

Semi-Trailer (ST):

"Semi-Trailer" means a Vehicle without motor power that is designed to be drawn by a Motor Vehicle and is constructed so that a part of its weight rests upon or is carried by a towing Vehicle.

Full Trailer (FT):

"Full Trailer" means a vehicle without motor power that is designed for carrying property and for being drawn by a Motor Vehicle and is constructed so that no part of its weights rests upon the towing vehicle.

Trip Permit

"Trip Permit" means a permit issued by a Member Jurisdiction in lieu of apportioned or full registration.

Truck (TK):

"Truck" means a Power Unit designed, used, or maintained primarily for the transportation of property.

Truck Tractor (TT):

"Truck Tractor" means a Motor Vehicle designed and used primarily for drawing other Vehicles, but so constructed as to carry a load other than a part of the weight of the Vehicle and load so drawn.

Unladen Weight:

The weight of a vehicle fully equipped for service excluding the weight of any load.

Vehicle:

"Vehicle" means a device used to transport persons or property on a highway but does not include devices moved by human power or used exclusively upon rails or tracks.

Vehicle Identification Number (VIN):

- Prior to 1981, VINs varied in length from 11 to 17 characters.
- A VIN is composed of 17 characters (digits and capital letters) that act as a unique identifier for the vehicle.

WHAT GOES INTO A VIN?

VIN information is organized in groups, and a search of your vehicle identification number can tell you a lot about your vehicle. There's even a bit of fraud detection in the VIN, in the form of the "check digit," described below.

The first group of three numbers and letters in a VIN make up the world manufacturer identifier (WMI).

- In this group, the first digit or letter identifies the country of origin. For example, cars made in the U.S. start with 1, 4 or 5. Canada is 2, and Mexico is 3. Japan is J, South Korea is K, England is S, Germany is W, and Sweden or Finland is Y.
- The second element in this group tells you about the manufacturer. In some cases, it's the letter that begins the manufacturer's name. For example, A is for Audi, B is for BMW, G is for General Motors, L is for Lincoln, and N is for Nissan. But that "A" can also stand for Jaguar or Mitsubishi, and an "R" can also mean Audi. It may sound confusing, but the next digit ties it all together.

- The third digit, when combined with the first two letters or numbers, indicates the vehicle's type or manufacturing division. [This Wikipedia page](#) has a list of WMI codes.

The next six digits to check (positions 4-9) are the vehicle descriptor section.

- Numbers 4 through 8 describe the car with such information as the model, body type, restraint system, transmission type and engine code.
- Number 9 is the check digit, which is used to detect invalid VINs. The number that appears varies and is based on a mathematical formula that the U.S. Department of Transportation developed.

The following group of eight elements (10-17) is the vehicle identifier section.

- In the 10th position, you'll see a letter indicating the model year. The letters from B to Y correspond to the model years 1981 to 2000. The VIN does not use I, O, Q, U or Z. From 2001 to 2009, the numbers 1 through 9 were used in place of letters. The alphabet started over from A in 2010 and will continue until 2030.

Yes, it's confusing. Here are the model years since 2000: Y=2000, 1='01, 2='02, 3='03, 4='04, 5='05, 6='06, 7='07, 8='08, 9='09, A='10, B='11, C='12, D='13, E='14, F='15, G='16, H='17, J='18, K='19, L='20, M='21, N='22', P='23, R='24, S='25.

- The letter or number in position 11 indicates the manufacturing plant where the vehicle was assembled. Each automaker has its own set of plant codes.
- The last six digits (positions 12 through 17) are the production sequence numbers, which each car receives on the assembly line.

* <https://www.edmunds.com/how-to/how-to-quickly-decode-your-vin.html>

Wrecker (WR):

"Wrecker" means a tow truck, the most common form of recovery vehicle.

OTHER DEFINITIONS:

FMCSA:

"FMCSA" stands for Federal Motor Carrier Safety Administration <https://www.fmcsa.dot.gov/>

UCR:

"UCR" stands for Unified Carrier Registration <https://www.ucr.gov/>
