Spring 2023

2023-2027 Statewide Transportation Improvement Program

This is your opportunity to comment on Montana's transportation projects

The draft 2023–2027 Statewide Transportation Improvement Program (STIP) is now available for public comment. The STIP is a list of projects planned for Montana for the next five federal fiscal years. The STIP portrays how MDT plans to obligate future funds to projects by the phase the project is entering (design, right-of-way, utility moves, construction). In some cases, projects will not cross into new phases in the timeframe of the STIP, so they won't be listed in the document but project development is still underway. The document includes aeronautic, railway, highway, public transportation, and Federal Lands Highway Program projects.

Each year MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. These comments are considered in the department's decision-making processes. MDT encourages comments anytime throughout the year as various transportation issues arise, but comments must be received by **June 15, 2023**, to be considered in the final STIP document.

The list in this issue of *Newsline* includes projects that will be awarded for construction during the timeframe of this STIP. Projects exceeding \$100,000 are shown on the map insert and can be accessed on the commenting app to the right.

Please visit the STIP webpage at <https://www.mdt.mt.gov/pubinvolve/stip.aspx> or request a hard copy of the STIP by contacting the MDT Project Analysis Bureau or by calling one of the numbers listed on the back page. Copies are also available at Montana public libraries.

Thankful for Your Service and Partnership: A Spring Message from Director Long

As a proud Montanan, I see Spring as a time to celebrate growth, the return of warmer weather, and better roads ahead. I can't think of two better areas to showcase these themes than the start of our seasonal roadway work and the strong examples of successful partnerships during the 68th Montana State Legislature.

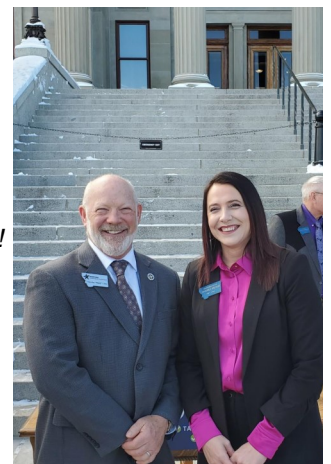

We joke that there are two seasons in Montana – winter and road construction. National Work Zone Awareness Week took place April 17-21, 2023, and was a good reminder to travelers in Montana to slow down and practice care when driving through construction and maintenance work zones. From my past life in construction, to my current role leading Team MDT, I have a deep appreciation for our workers in the “cone zone.” What may seem (even to me) like an inconvenience to our daily travel, is actually the hard work of family and friends dedicated to improving our state's roads and bridges, and they do so at their own personal risk. These workers are members of our community, so let's continue to care for and look out for one another! As drivers, you and I can do our part by using MDT's 511 app and other travel resources to plan our journey. We can slow down and follow speed limits, focus on the road and our surroundings, and remember that better roads are truly ahead – even if it doesn't seem like it at the moment. To all the crews that call our roadways their place of work – thank you so much for your dedication and service to the traveling public of

Montana. We couldn't do it without you! Look out for one another and stay safe out there this summer.

As the 68th legislative session winds down, the Capitol remains a frenzy of activity and business. Ahead of this session, Team MDT's leadership spent time and travel putting our “boots to the ground,” laying the framework for strong partnerships and future successes working with elected officials at the state and local levels, as well as contractors, other stakeholders, and our communities. Like any good relationship, communication is and will continue to be key in these partnerships. The fruits of our shared labors come in the form of legislation like the passage of the SAFER Act, which provides much-needed state funding to match federal funds for construction projects; Senate Bill (SB) 57, which focuses on granting MDT the authority to use alternative contracting methods to best deliver roadway projects for our customers; and some much-needed legislation to clean up red tape. To all of our citizen legislators – thank you for your hard work on behalf of your constituents, and for your continued partnership with Team MDT.

Together, we'll keep Montana moving forward safely and efficiently!

Malcolm D. Long
Director

Director Long (left) and bill sponsor, Rep. Courtenay Sprunger from House District 7 (right), after the Governor's signing ceremony for the SAFER Act (House Bill 267) in February 2023.

Progress on the I-90 Quinn Creek Road Bridges Project between Livingston and Bozeman in the summer of 2022. The photo shows the eastbound bridge deck cast off the alignment and the new foundations that the deck cast would eventually be rolled onto. This illustrates the Accelerated Bridge Construction (ABC) method used at this stage of the project. ABC methods allowed crews to advance multiple elements of the project simultaneously to ultimately expedite project completion.

NEWSLINE SUBSCRIPTION UPDATES

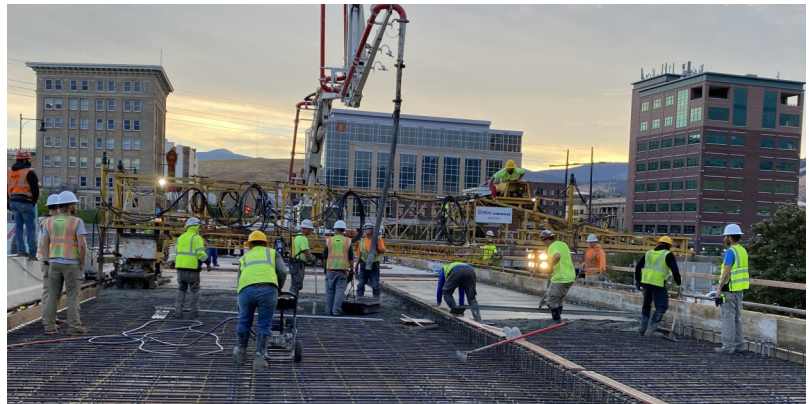

Did you know? The *Newsline* is available by both mail (print) and email (electronically). Please contact Lauren Eichenfels, *Newsline* Editor, to add or update your subscription preferences.

- **By email:** leichenfels@mt.gov
- **By phone*:** 406-444-7614

****Please leave a voicemail with your full name, phone number and mailing address for print subscriptions, OR your name, phone number and the best time of day to reach you to create or update your subscription.***

Moving? Change of address? Please let us know! We are happy to update your current mailing address if you wish to continue receiving the *Newsline*.

NOTE: Due to state costs associated with printing and mailing, all returned copies of the Newsline will be removed from future mailings to that address and/or contact. New subscriptions may be requested at any time by contacting the Newsline Editor (see options above). We thank you in advance for your help in reducing waste and your assistance in providing updates to your subscription information as they occur.

The Higgins Avenue (Beartracks) Bridge Rehabilitation Project in Missoula was substantially completed in December 2022. Here, the construction crew is shown in the process of laying new concrete for the bridge surface.

Commenting on Other Projects

Throughout the year, MDT submits additional projects as amendments to the STIP for Transportation Commission approval. To view the list of highway projects MDT plans to present at the next Transportation Commission meeting, go to www.mdt.mt.gov/other/webdata/external/planning/proposed_proj.pdf.

If you prefer to receive the list by mail, call us toll-free at 800-714-7296 or TTY at 406-444-7696. Comments may be submitted online, emailed to mdtstip@mt.gov or mailed to the following address:
