\* DVMT for Off-System, which includes Departmental X-Routes (i.e. X-81064) and L-Routes (i.e. L-12-323) is generated using a combination of actual and estimated AADT's. Due to the difficulty in estimating AADT's on these 63,000 plus miles of Off-System roads, the derived Off-System DVMT is not statistically sound.
