

Montana Transportation Alternatives Program

14th St SE/9th Ave SE Path - Sidney

TA 10499(5)

UPN 9150000

Project scope: 1,500 feet of eight-foot wide ADA compliant concrete shared-use path along 14th Avenue SE in Sidney. To address safety concerns, piping of the Lower Yellowstone Irrigation District lateral along 14th Avenue SE is completed. Along 9th Avenue SE is 450 feet of five-foot ADA compliant sidewalk with curb and gutter. The purpose of the project is to extend the existing trail system and sidewalk network in Sidney.
