

Montana Transportation Alternatives Program

Sidewalks – Cascade & Cascade – East

TA 7(69) & STPS-TA 330-1(24)37

UPN 9156000 & 9040000

Project scope: 3,300-feet of new Americans with Disabilities Act (ADA) compliant sidewalk in various areas in Cascade. The project provided new sidewalk and repaired deteriorated sidewalk in both residential and commercial areas of Cascade, specifically along Central Avenue, 4th Avenue North West and 3rd Street South. The project includes new and replacement sidewalk, curb & gutter, ADA ramps, signing, striping, and revegetation. The project also included roadway improvements funded by the Secondary Roads Program (STPS funds).

Prelim. Engineering: Great West Engr. and MDT
