

Welcome to Montana!

Montana is one of those delightful states which travelers "discover" and return often to explore.

The Indians called Montana the "Land of Shining Mountains." Watch the reflection of the sun on the snow-covered mountain peaks and you understand why.

Fine authors too have been stirred by the beauty of Montana's spectacular mountain ranges and the vastness of its plains. One calls Montana "High, Wide and Handsome." Another sees it as the land of "The Big Sky." Both are apt descriptions.

Montana is the site of three of the nation's most famous travel attractions . . . Glacier and Yellowstone National Parks and the Custer Battlefield National Monument. It also is blessed with thousands of miles of trout fishing streams and an abundance of game animals, making it a favorite of fishermen and hunters everywhere.

You'll find Montanans a warm, hospitable people who are proud of their state and who take sincere pleasure in acquainting visitors with it. I join them in inviting you to vacation with us often.

Sincerely,

Donald G. Nutter

Governor of Montana
