Please see the instructions below on how to enter payment information in ePART using PayZang.

From the Payment screen in ePART, select the type of electronic payment you are using. **Credit Card or E-Check**

**Note:** Only use the Payment Type drop down if you are applying escrow.

- Enter the **first and last** name of the carrier and/or third party making the payment.
- In the **company** field, enter the carrier's name.
If the shipping information is the same as the billing, select the box. Select Next.

Note: The shipping information is not mandatory to collect. To clear this information, you can check the box, and then uncheck the box. This will leave the fields blank.

Enter the credit card details. The CVV code is now mandatory for credit card payments. Select Submit Payment.

You will be automatically redirected back to ePART.
Each payment made in PayZang will have a **Transaction ID**. Example: 6509206486

- Electronic Checks have a $1.19 transaction fee added onto the price of the transaction.
- The $1.19 transaction fee plus 3% credit card fee is being passed onto the carrier along with the price of the permit / credential. This will be noticed at the time of processing the payment.
- The payment receipt will print out with your permit after payment has been completed and show the additional fees.

Alternative accessible formats of this document will be provided upon request. Please contact Motor Carrier Services at 406-444-6130 / Montana Relay 711, to request this document in a different format.
