

Who: Montana Department of Transportation

Where: Bridge over Dodson South Canal; approximately one mile south of Dodson.

What: The deteriorating bridge will be replaced with a 14-foot by 10-foot double-cell concrete box culvert

Why: The Bridge is in poor condition. To maintain safety and effectiveness of the route, a new structure is necessary. Other minor enhancements will be considered to improve safety at the bridge location, such as upgraded signage and guardrail.

When: Construction is being explored for late Fall or early Spring 2024.
