Study Area

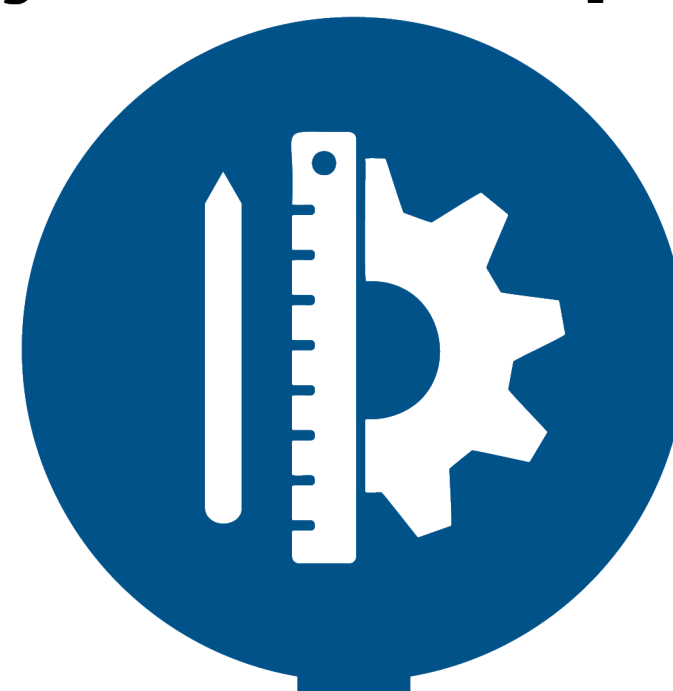

Planning

Anticipated study completion:
February 2027

Project Development

- Funding Identification
- Project Nomination
- Feasibility & Survey Phase
- Design & Environmental Compliance
- Right-of-Way Acquisition

Construction

- Bid Advertisement & Contract Award
- Mobilization
- Construction & Inspection
- Closeout

Public Involvement (Ongoing Throughout)

A corridor study is a proactive **planning effort conducted before design and construction**. The study will identify a comprehensive set of transportation improvements for the corridor while also considering potential impacts, constraints, and funding opportunities.
