

BELGRADE AREA PROJECTS

MAIN STREET – JACKRABBIT LANE TO BOLINGER ROAD

Federal Project ID: STPU 0615(4)

Estimated Cost: \$3.5M

Highlights: This project will widen the existing road to a three-lane facility, add and upgrade sidewalks, improve drainage and stormwater management features, and install street lighting.

BOLINGER ROAD AND MAIN STREET TURN LANES

- The City of Belgrade will reconstruct this intersection to include turn lanes and infrastructure for a future signal.

BELGRADE URBAN IMPROVEMENTS

Federal Project ID: NH-CMDP 0699(4)

Estimated Cost: \$35.5M

Highlights: This Project will construct a new railroad overpass or underpass, add and upgrade pedestrian/bike facilities, install a new signal at Jackrabbit Ln and Main St, and increase the capacity of Jackrabbit Ln with additional travel and turn lanes.

AMSTERDAM ROAD INTERSECTION IMPROVEMENTS

Federal Project ID: HSIP 347-1(5)4

Estimated Cost: \$600K

Highlights: This project will install a signal at River Rock Road and improve lane configurations at Green Belt Drive.

BELGRADE - INTERSECTION IMPROVEMENTS

Federal Project ID: NH-CMDP 0699(8)

Estimated Cost: \$2.9M

Highlights: This project will upgrade 6 existing signals, modify ADA upgrades as required, and install a new signal at the Main St and Broadway intersection.
