

# Welcome

Thank you for your interest in the Wolf Creek Bridges project. The purpose of the virtual open house is to provide information about construction and to answer questions.

Department of Transportation

**Construction Group, LLC**  
Bridge preservation specialists

# About the project

## Wolf Creek Bridges

The Wolf Creek Interchange Bridges on Interstate 15 (I 15) will be resurfaced, and the Little Prickly pear bridge deck will be replaced, to ensure a smooth and safe riding surface.

# What to expect during construction

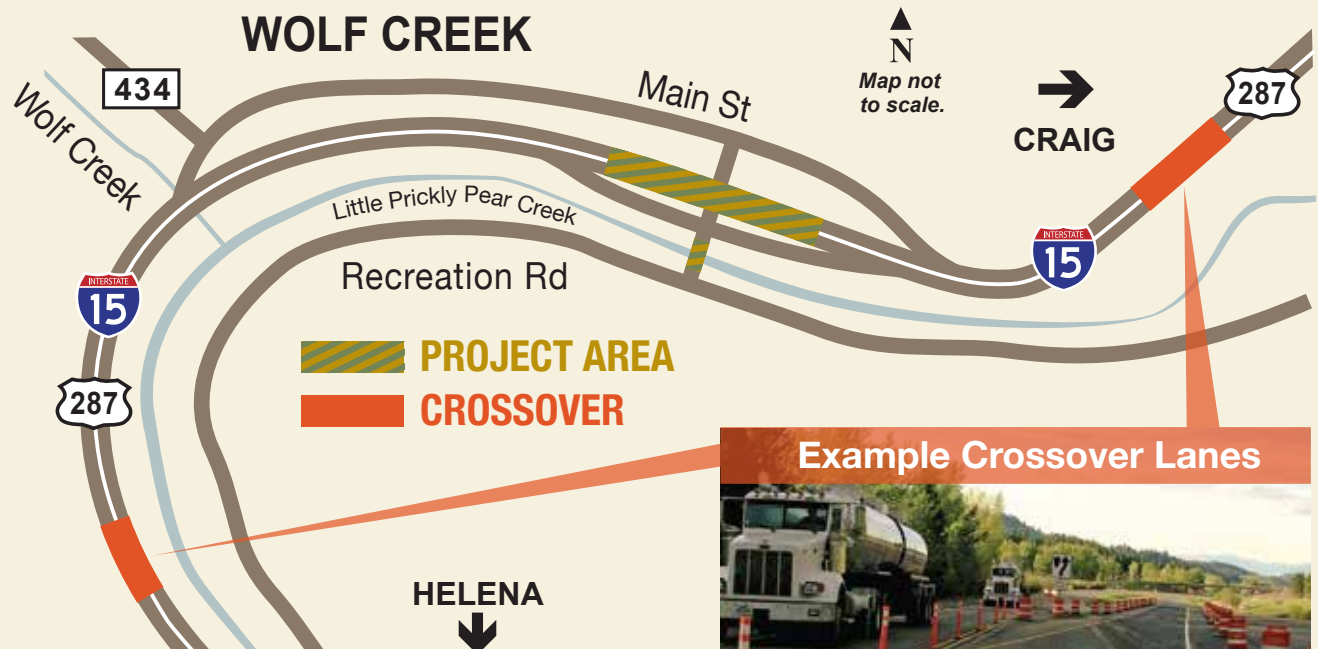

## Wolf Creek Bridges

Construction is anticipated to take 3–4 months to complete.

### I 15 Bridges

- Access to Wolf Creek on- and off-ramps will be maintained
- Pedestrian access under the I 15 bridges will be maintained
- Traffic will be reduced to one lane in each direction, shifting traffic to one side of I 15
- Speed limit will be reduced

It may be necessary for MDT to implement additional traffic control, including temporary closures of the sidewalks under the I 15 bridges if work is taking place overhead.

Example Crossover Lanes

# What to expect during construction

## Wolf Creek Bridges

### Little Prickly Pear Creek Bridge

- Access over Little Prickly Pear Creek Bridge will be maintained
- Traffic will be reduced to alternating one-way traffic
- Lane widths and turning movements will be reduced for large vehicles
- The northbound I 15 on-ramp will be widened temporarily to help truck turning movements

# Stay informed during construction

**Wolf** Creek  
Bridges

MDT will continue to update the public about traffic impacts and work activities during construction.
